

Sika® Flexistrip

Preformed Strip Sealant for use with the Sarnafil® Liquid Detailing System.

Product Description	Sika® Flexistrip is a preformed strip sealant reel on a paper release liner for use with Sikalastic®-621 TC in the Sarnafil® Liquid Detailing System.
----------------------------	---

Applications	For treatment of boltheads and fixings prior to application of Sikalastic®-621 TC.
---------------------	--

Technical Data

Colour	Off -White
---------------	------------

Length	15 metre
---------------	----------

Width	50mm
--------------	------

Storage

Storage Conditions	Store in original packaging in a location away from sources of heat or ignition, dampness and extremes of temperature. Keep protected from rain and sunlight.
---------------------------	---

Substrate Preparation	The substrate must be firm, sound, clean and dry.
------------------------------	---

Installation Method / Tools	Where necessary, materials should be cut with a knife or scissors. After cleaning and priming the fixing as required, pre-cut 50mm squares, remove the backing and fix by light pressure to the edges of the patches. Do not exert hard pressure in an attempt to form the tape to contours. On completion, keep clean and avoid foot pressure damage prior to coating with the Sikalastic®-621 TC.
------------------------------------	---

Notes on Installation / Limits	Installation works to be carried out only by Registered Sarnafil Contractors.
---------------------------------------	---

Temperature limits for the installation of the membrane:

Substrate temperature:	At least +5 °C
Ambient temperature:	At least +5 °C
