

## PRODUCT DATA SHEET

# P32 Leak Sealer

A rapid action, permanent leak sealer for internal, inaccessible leaks

### PRODUCT DESCRIPTION

Everbuild P32 Leak Sealer is a rapid, internal leak sealer that is designed for central heating systems with small, inaccessible leaks and weeps which may cause pressure loss. Once added to the system, the product locates the area of water loss and forms a soft barrier to seal the hole. Everbuild P32 Leak Sealer is effective within 1 to 24 hours and has been tested and proven to prevent blockages or restrictions in system components. Everbuild P32 Leak Sealer is a neutral, non-hazardous product that is compatible with all metals and materials commonly used in central heating systems.

### USES

Designed to permanently seal small internal and inaccessible leaks in heating and underfloor systems

### PRODUCT INFORMATION

<b>Packaging</b>	500 ml bottle
<b>Shelf Life</b>	36 months from date of manufacture
<b>Storage Conditions</b>	Store in tightly closed original container and keep in a dry, cool and well ventilated place. Keep away from freezing conditions. Store at temperatures above 5°C

### VALUE BASE

All technical data stated in this Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

### ECOLOGY, HEALTH AND SAFETY

### APPLICATION INSTRUCTIONS

### CHARACTERISTICS / ADVANTAGES

- Rapidly seals without blocking valves, pumps and air vents
- Compatible with all metals
- Concentrated formula - one bottle treats 100 L/12 radiators
- Begins sealing after 1 hour

- Designed to be left permanently in the system
- For open vented systems, add via the feed and expansion tank
- For sealed systems, add via towel rail, in-line system filter or radiator
- Once dispersed into the system, P32 Leak Sealer begins working within 1 to 24 hours
- This product should be used in conjunction with Everbuild P30 Protector.

## LOCAL RESTRICTIONS

Note that as a result of specific local regulations the declared data and recommended uses for this product may vary from country to country. Consult the local Product Data Sheet for exact product data and uses.

## LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
