

PRODUCT DATA SHEET

SikaWall® Fine Surface Filler

Ready mixed filler for filling small holes and surface imperfections.

PRODUCT DESCRIPTION

SikaWall® Fine Surface Filler is a ready-mixed, easy-to-apply filler designed for filling small holes, minor surface imperfections and fine surface defects on most porous substrates, including plaster and wood. The product dries to a smooth, high-quality finish suitable for painting or papering.

USES

Minor internal and external repairs to plaster, plaster-board, brick, render, wood, stone and most other building materials, including hairline crack repairs, coarse woodgrain and final surface filling.

CHARACTERISTICS / ADVANTAGES

- Ideal for filling small holes and surface imperfections.
- Internal or external use.
- Easy application - ready mixed formula means it can be applied straight from the tub.
- Overpaintable with most solvent-based and emulsion paints.
- Overstainable.
- Dries to a smooth finish.

PRODUCT INFORMATION

Packaging	600 g plastic tub
Appearance / Colour	White/ off white paste
Shelf Life	24 months from date of manufacture when stored according to manufacturers instructions.
Storage Conditions	Store between +5 °C to +25 °C. Protect from frost.
Density	1.9 g/cm ³ (approx.)
pH-Value	8.5 - 9.9
Solid Content	85 - 90 % w/w
Movement Capability	Low - dries hard
Layer Thickness	4 mm depth in one coat. 25 mm maximum width.
Ambient Air Temperature	+5 °C to +25 °C
Drying time	30 minutes to 4 hours depending on application depth and temperature.

VALUE BASE

All technical data stated in this Product Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

LIMITATIONS

- For fine surface repairs only. Do not apply more than 4 mm deep.
- Not suitable for repairs to permanently wet areas.
- Do not use to repair plastic or metal.
- Do not apply below +5 °C.
- Drying times will increase substantially with increased application depth, low temperatures or when used externally.
- As the manufacturer cannot know all of the uses their products may be put to, it is the users responsibility to determine suitability for use. If in doubt, contact Technical Services Department for advice.

ECOLOGY, HEALTH AND SAFETY

User must read the most recent corresponding Safety Data Sheets (SDS) before using any products. The SDS provides information and advice on the safe handling, storage and disposal of chemical products and contains physical, ecological, toxicological and other safety-related data.

APPLICATION INSTRUCTIONS

SUBSTRATE QUALITY / PRE-TREATMENT

All surfaces must be clean, dry, free from dust, grease and other contamination. Provide a key to gloss painted surfaces. Cover nail or screw heads with oil based paint and allow to dry.

APPLICATION

Stir well before use and apply directly from the tub. Press the filler into the repair with a spreader or filler knife up to a maximum depth of 4 mm. Once dry, sand to a smooth finish. When used outdoors, seal the repair with an oil-based paint once dry.

LOCAL RESTRICTIONS

Please note that as a result of specific local regulations the performance of this product may vary from country to country. Please consult the local Product Data Sheet for the exact description of the application fields.

LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
