BUILDING TRUST

SIKA: TRUSTED SOLUTIONS FOR EVERY PROJECT

Sika is a global leader in construction chemicals, delivering high-performance products trusted by trade professionals, DIYers, and builders' merchants across the UK. With over 90 years of experience, our range solves real-world challenges – from waterproofing and roofing to concrete repair, flooring, sealants, adhesives, fillers, and foams.

Designed for both professionals and homeowners, Sika products make every job easier and more reliable—whether tiling, landscaping, sealing, or decorating. Each solution is backed by Sika's renowned quality, technical expertise, and performance you can trust.

Explore this catalogue to see how Sika helps you build smarter, faster, and more confidently.

With UK operations across five key locations and state-of-the-art manufacturing and distribution, we ensure exceptional availability and fast, dependable service.

Our continued investment includes the addition of Cromar to the Sika family, further strengthening our offering to the trade. Our state-of-the-art manufacturing facility and high-capacity distribution centre in Leeds are at the heart of our UK operations, ensuring exceptional product availability, supply chain resilience, and fast, dependable service to customers nationwide.

We are proud to support the construction and industrial sectors with a commitment to rigorous quality standards, technical expertise, and product innovation. Whatever the size or scope of your project, you can count on Sika for reliable solutions that perform - every time.

Explore this catalogue and discover how Sika can help you build smarter, faster, and more confidently.

SIKA IN THE COMMUNITY

Sika x Exeter Chiefs

Sika is the official main club partner of Exeter Chiefs, one of the UK's leading Premiership rugby clubs.

Our partnership reflects shared values of strength, resilience, and teamwork—qualities that drive success both on the pitch and across the construction industry.

Through this sponsorship, Sika supports the club, its players through sponsorship of Dafydd Jenkins (Lock) and Flo Robinson (Scrum Half), and its passionate community of fans, while building stronger connections with customers and partners across the Southwest and beyond.

Exeter Chiefs in the Community

We're not just supporting the top tier, we're investing in the future of the sport. Our Sika Community Vans will continue to roll out across the Southwest, bringing rugby into schools and local communities, inspiring the next generation of players and fans.

We are proud to stand alongside the Chiefs as they inspire the next generation, showcasing performance, passion, and progress every step of the way.

Proud partner of the Preston Vocational Centre

Sika is proud to partner with Preston Vocational Centre, a not-for-profit organisation dedicated to providing practical construction training and skills development for young people and adults. Their hands-on approach helps learners gain the confidence, qualifications, and experience needed to build brighter futures in the construction industry.

SEALANTS AND GAP FILLING

Seal it with confidence

Sika offers a complete range of sealants and gap fillers for trade, commercial, and DIY projects.

- **Sealants:** Flexible, durable solutions for joints, glazing, sanitary areas, and general construction.
- **Technical Sealants:** Advanced options for demanding commercial applications.
- **Filling and Fixing:** High-performance foams for insulation, gap filling, and securing frames or panels.

Easy to use and proven to last, Sika products deliver strong, flexible joints and reliable protection indoors or out.

SikaSeal® One Hour Caulk

SGAN	SIZE	COLOUR	QTY	BARCODE
879014	300 ml	WHITE	12	5029347000042
879087	380 ml	WHITE	12	5029347000059

A filler and sealant that dries in just one hour to speed up decorating projects. It remains permanently flexible to prevent cracking and can be overpainted with most paint types or covered with wallpaper without the need for sanding.

Timber / Plaster / Brick / Concrete

Contract 115
GP Building Mastic

SGAN	SIZE	COLOUR	QTY	BARCODE
489634	285 ml	BROWN	25	5029347601386
489635	285 ml	GREY	25	5029347601393
489636	285 ml	STONE	25	5029347601409
489637	285 ml	WHITE	25	5029347000141

A traditional oil-based pointing mastic that provides an effective weatherproof seal. Typically used to seal composite sectional panels and low-movement vertical building joints. This high solids formulation means excellent gap-filling properties. It is semi-drying, too, so it remains permanently elastic beneath the surface skin.

Brick / Stone / Concrete / Timber

SikaSeal® Mould Resistant Caulk +

SGAN	SIZE	COLOUR	QTY	BARCODE
880141	300 ml	WHITE	12	5029347000066

A high-quality, permanently flexible caulk and sealant suitable for a wide range of applications. Its mould-resistant formulation delivers a clean, durable finish without the need for sanding. Ideal for sealing joints and gaps, it adheres to most common construction materials including timber, plaster, brick, stone, PVCu, and concrete. Once cured, it can be overpainted with most paint types or wallpapered for a seamless result.

Timber / Plaster / Brick / PVCu / Concrete / Stone

Premium 145
Butyl Rubber Sealant

SGAN	SIZE	COLOUR	QTY	BARCODE
489633	300 ml	GREY	12	5029347610357

A semi-setting jointing compound. Typically used for roofing, glazing, metal containers and sectional building applications. It forms a skin in approximately 24 hours but remains permanently plastic underneath. The sealant accommodates joint movements of +/- 5% and is overpaintable. Provides an effective weatherproof seal in a variety of exterior and interior applications.

Brick / Stone / Concrete / Timber / Roofing
Glazing / Metal

SikaSeal® Construction Silicone

SGAN	SIZE	COLOUR	QTY	BARCODE
880151	295 ml	BLACK	12	5029347601492
880093	295 ml	BROWN	12	5029347601485
880039	295 ml	TRANS	12	5029347601478
880067	295 ml	WHITE	12	7612895106335

A low-modulus acetoxycuring sealant that adheres to smooth, non-porous surfaces. The fungal resistant formulation ensures resistance to black mould growth in areas exposed to high humidity, making it ideal for kitchens, bathrooms and other sanitary environments. Provides durable adhesion to glass, ceramics, timber, aluminium and laminates.

Glass / Timber / Aluminium / Ceramics / Laminates

SikaSeal® Construction Silicone +

SGAN	SIZE	COLOUR	QTY	BARCODE
880237	295 ml	BLACK	12	5029347601256
880236	295 ml	BROWN	12	5029347601263
880075	295 ml	GREY	12	5029347601287

486136	295 ml	WHITE	25	5029347000011

A mid modulus acetoxy cure silicone sealant that adheres to most smooth and non-porous substrates. Typically used for single glazing, draught-proofing and general industrial use. Quick curing, with low dirt pick up, it remains permanently flexible and provides a waterproof seal. Temperature resistant. Contains a powerful anti-fungal compound to prevent mould growth to the sealant.

Glass / Timber / Aluminium / Ceramics / Laminates

Premium+ 565

Clean Room Silicone

SGAN	SIZE	COLOUR	QTY	BARCODE
486155	295 ml	WHITE	25	5029347612399

An advanced neutral curing hygienic sealant that contains Mould Shield®, a powerful anti-bacterial compound, and is food contact approved. Prevent growth of most common moulds to the sealant. Offers outstanding adhesion to most substrates including plastics, ceramics and metal. Virtually odourless in application with a slow skinning time. Ideal for long joint runs in larger applications. Remains permanently flexible with a movement capability of +/- 25%. **Approved for food contact to 21CFR177.2600 by IANESCO (France) and meets ISO 11600 F 25 LM.**

Acoustic Sealant and Adhesive

SGAN	SIZE	COLOUR	QTY	BARCODE
489512	900 ml	WHITE	9	5029347600112
489513	380 ml	WHITE	12	5029347600358

A high strength, permanently flexible sealant and adhesive specifically formulated for sealing and bonding plasterboard and other kraft lined insulation boards. Typically used for walls, ceilings, and dry lining applications. Water-based, solvent-free formula, easy to use and clean up, and adheres to most building substrates.

Silicone Eater

SGAN	SIZE	COLOUR	QTY	BARCODE
482505	100 ml	-	12	5029347115005

A revolutionary chemical that breaks up and removes all types of silicone sealant. It is harmless to most surrounding surfaces and can be used to remove sealant from baths, kitchen worktops, basins, showers, doors, and window frames.

Timber / Plaster / Brick / Stone / Concrete

Elongation at break	>350% (ISO8339)
Elastic Recovery	>95 % (ISO7390)
Curing Time	2-4 mm/24 hours (23 °C and 50 % RH)

A premium, acetox curing silicone sealant engineered to provide enhanced body and superior toolability in sanitary applications.

It contains powerful anti-fungal compound to prevent mould and fungal growth to the sealant in areas of high humidity.

Sika® Hybriflex® 25 LM

Low Modulus Sealant

SGAN	SIZE	COLOUR	QTY	BARCODE
835014	380 ml	WHITE	25	5029347612054

Shore A Hardness	20-30
Skin Formation at 23°C and 50% RH	20-45 mins

A one part low modulus building sealant based on hybrid polymer technology. For perimeter pointing of uPVC, window/door frames, for expansion joints, weather sealing applications, parapet and roofline sealing, weatherproofing sealing, construction and dilation joints. Overpaintable. **Tested to ISO11600 class: F25 LM.**

Sika® Hybriflex® 40

Hybrid Polymer Adhesive

SGAN	SIZE	COLOUR	QTY	BARCODE
835252	295 ml	GREY	12	5029347613334

Shore A Hardness	50 +/-5
Skinning Time	10-40 mins
Cure Time	2mm/24 hr
Elastic Recovery	>60%

A high modulus, one-component hybrid based adhesive which adheres strongly to most substrates. Provides excellent resistance to most common chemicals and solvents and can be overpainted when cured.

Sika® Hybriflex® 55 Hybrid Polymer Adhesive

SGAN	SIZE	COLOUR	QTY	BARCODE
835253	600 ml	WHITE	12	7612895192239

Shore A Hardness	55-60
Skinning Time	30-45 mins
Elastic Recovery (ISO 8339)	>70%
Tensile Strength	1.5N/mm ²

A high strength, permanently elastic, neutral cure hybrid polymer based adhesive. Isocyanate, silicone and halogen free, overpaintable with most paints, excellent adhesion to most construction substrate.

Sika® Hybriflex® SMP Flooring Sealant

SGAN	SIZE	COLOUR	QTY	BARCODE
834156	600 ml	GREY	12	7612655099686

Shore A Hardness	30-40
Movement Accommodation	+/-25%
Service Temperatures	-40°C to +90°C

Formulated to provide a high shore A sealant combined with a low viscosity to enable high speed application into floor joints. Suitable for sealing saw cut and pre-formed expansion joints on both internal and external floor joints, provides exceptional abrasion resistance.

Sika® Hybriflex® AntiPick 109 Pick Resistant Sealant

SGAN	SIZE	COLOUR	QTY	BARCODE
834154	295 ml	GREY	25	5029347615970
834155	295 ml	WHITE	25	5029347610210

Shore A Hardness	~50
Tensile Strength (ISO 8339)	> 1.3N/mm ² at 60% elongation 2mm / 24hr

A one-part, chemically curing sealant based on advanced Hybriflex® technology – combining the best properties of silicone and polyurethane. Specifically formulated to provide a degree of resistance to finger picking, it provides a tougher, more tamper-resistant seal compared to traditional sealants, while still accommodating small joint movement.

Sika® Hybriflex® FR Fire Rated Hybrid Polymer

SGAN	SIZE	COLOUR	QTY	BARCODE
835016	600 ml	GREY	12	7612655102430

Shore A Hardness	40+/-5
Movement Accommodation	+/-20%
Skin Formation at 23°C and 50% RH	30-40 mins
Elongation at Break (ISO 8339)	>250%

A one part, chemically curing sealant and adhesive. Specifically designed multi-purpose floor/wall sealant for all concrete saw cuts and cladding applications and/or slab expansion joints, where fire resistance is required.
Fire rated up to 4 hours in certain joint configurations (when tested to EN1366 Part 4 2006 – Warrington Fire Certificate 195854/A October 2010).

Sikaflex® PRO-3 Purform Polyurethane Sealant

Sikasil® DW is suitable for joints in contact with potable (drinking) water, e.g. in the water industry in drinking water reservoirs, tanks, treatment and filtration plants.

Sikaflex® Construction Purform Purform Sealant

SGAN	SIZE	COLOUR	QTY	BARCODE
747634	600 ml	CONCRETE GREY	20	7612895899404

A one-component, moisture curing, flexible joint sealant. Sikaflex® Construction+ is designed for movement and connection joints in concrete and masonry facades.

Sikaflex®-415 Universal

SGAN	SIZE	COLOUR	QTY	BARCODE
718414	600 ml	CONCRETE GREY	20	7612895821337

Sikaflex®-415 Universal is a one-part, moisture curing, elastic polyurethane sealant for sealing floor and wall joints.

Movement Accommodation +/-35 %

Sikaflex®-403 Tank & Silo

Elastic polyurethane sealant

SGAN	SIZE	COLOUR	QTY	BARCODE
707904	600 ml	BLACK	20	7612895791395

Sikaflex®-403 Tank & Silo is a 1-part, moisture-curing, elastic polyurethane sealant which is resistant to organic acids as found in liquid manure and silage liquids. The product is used for sealing segmented and bolted tanks, concrete containers, floor joints and sewage systems.

**Sikaflex®-406 KC**

SGAN	SIZE	COLOUR	QTY	BARCODE
619221	150 ml	BLACK	5	7612895519739

Sikaflex®-406 KC is a 1-part self-levelling booster accelerated elastic floor joint sealant with high mechanical and chemical resistance. Rapid and homogeneous curing throughout the entire sealant is achieved by the addition of the Sikaflex®-406 KC Booster. Sikaflex®-406 KC is especially designed for elastic joint sealing between rails, adjacent surfaces and with Icosit KC products.

**Sikaflex® Tank N**

Polyurethane Sealant

SGAN	SIZE	COLOUR	QTY	BARCODE
869458	600 ml	CONCRETE GREY	20	7612655166791

A one-component, moisture curing, elastic joint sealant based on polyurethane. Sikaflex® Tank N is designed for use in areas for the storage, handling and filling of water polluting liquids.

Sika® Primer 3N

SGAN	SIZE	COLOUR	QTY	BARCODE
122239	1 L	TRANS	1	7612894543216

A one-component, solvent based primer and adhesion promoter; designed for use on porous substrates and metals. Evaporates quickly.

Sika® Primer-115

Polyurethane primer.

SGAN	SIZE	COLOUR	QTY	BARCODE
708138	1 L	CLEAR	4	7612895791753

Sika® Primer-115 is a one part, reactive PU based primer for use as a pre-treatment on porous substrates, prior to Sikaflex applications.

Contain and Control with the Sika Passive Fire Protection range Page 84-85.

ADDITIONAL NOZZLES

SGAN	SIZE	COLOUR	QTY	BARCODE
488732	-	-	1	7612895201603

Fix and Fill Expanding Foam is a quick setting polyurethane based foam which expands greatly on application and yields up to 50 times original can contents. Can be cut, sawn, plastered and sealed over after approximately one hour. Fills irregular gaps, fixes framework, insulates and sound deadens.

PVCu / Plastic / Brick / Stone / Concrete / Metal / Timber

Exact Gap Expanding Foam

SGAN	SIZE	COLOUR	QTY	BARCODE
484702	750 ml	-	12	5029347609337

Formulated to provide a more precise foam product that only expands by between 5-10% from the bead extruded on application. The controlled application significantly reduces the amount of cured excess foam that has to be cut back, reducing the danger of wet foam falling onto the floor and surrounding substrates, and the damage and staining this can cause.

PVCu / Plastic / Brick / Stone / Concrete / Metal / Timber

Professional Gun Grade Expanding Foam

SGAN	SIZE	COLOUR	QTY	BARCODE
817541	750 ml	-	12	5029347000103

A quick setting polyurethane based foam which expands greatly on application and yields up to 50 times original can contents. Can be cut, sawn, plastered and sealed over after approximately one hour. Fills irregular gaps, fixes framework, insulates and sound deadens.

For professional use only.

PVCu / Plastic / Brick / Stone / Concrete / Metal / Timber

SGAN	SIZE	COLOUR	QTY	BARCODE
489712	750 ml	-	12	5029347613587

Specially formulated, highly flexible PU foam that absorbs component movement thereby giving an air tight seal to reduce heat loss and improve energy efficiency in buildings.

PVCu / Plastic / Brick / Stone
/ Concrete / Metal / Timber

Constructa-Pro Adhesive Foam

SGAN	SIZE	COLOUR	QTY	BARCODE
538593	750 ml	-	12	5029347615024

A high strength adhesive foam designed for use in a multitude of building applications. Adheres well to most common building materials. Once cured, it's rot-proof, and moisture and temperature resistant from -40°C to +80°C. Suitable for a wide range of applications, for example as an adhesive for fixing plasterboard, insulation board, fixing skirting boards or a mortar substitute for building rough garden walls, planters, and much more.

Brick / Stone / Concrete / Metal / Timber

Dual Purpose Foam Cleaner

SGAN	SIZE	COLOUR	QTY	BARCODE
488713	500 ml	-	12	5029347126001

Dual Purpose Foam Cleaner is used to remove wet/uncured foam. Attaches to Gun Foam Applicator for purging through; also includes spray nozzle for use without applicator to remove wet foam from outside of the gun and from most building substrates. The unique threaded collar fits most gun foam applicators, including the above foam applicators guns.

Textured for tough jobs

See page 107

JARGON BUSTER

This jargon buster defines key sealant industry terms to help you select the right product with confidence. All our sealants meet rigorous UK and European safety, performance, and quality standards. The UKCA and CE Marks confirm compliance, ensuring reliability and consistency across every certified product

CE / UKCA – There are four main types of approval under the sealant CE / UKCA Mark:

- F** – Façade use which is split into two sub categories with FINT meaning internal use only and F EXT INT meaning the product can be used both internally and externally. F EXT INT is then split into various classifications:

 - P** – Plastic which means the product has limited elastic recovery and behaves more like a plastic bag.
 - E** – Elastic which means the product behaves more like an elastic band.
 - HM** – High Modulus.
 - LM** – Low Modulus.
- G** – Glazing use.
- S** – Sanitary use which is only approved for internal use and is split into two sub categories S and XS with the latter being the more stringently tested of the two. A number will always follow the S or XS with 1 showing the least biological growth and 3 showing the most, basically meaning S3 is the lowest classification and XS1 is the highest.
- PW** – Pedestrian Walkway use.

Acetoxy Cure – A product that cures by a reaction with moisture in the air, giving off an odour of Acetic Acid or vinegar. Acetoxy cure sealants shouldn't be used when they are primarily in contact with alkaline substrates such as concrete.

Alkoxy Cure – Products that cure through a system of crosslinkers, which, when activated by exposure to moisture in the air, release by-products, mainly alcohols. Alkoxy cure sealants are non-corrosive and have minimal impact on the substrates to which they are applied.

Acrylic – Water based sealants which cure through the loss of water into the substrate. These products are commonly used for interior finishing and can be overpainted once cured.

Fire Rating – The measure of a sealant's ability to maintain its insulation and integrity in a joint when exposed to fire.

Hybrid Polymers / MS – This is the next generation technology combining a sealant and adhesive into one product which can be used on most porous and non-porous materials giving them an almost unlimited number of application possibilities. One major advantage these products have over other sealants is that they can be applied in the wet and even under water.

Modulus – Sealants can be either high, mid or low modulus and refers to the elastic nature of the material.

Flexibility – The degree of movement a sealant can cope with when applied with a greater number meaning the sealant is more flexible.

Shore A Hardness – A number which denotes the surface hardness of a sealant once cured. The higher the number, the harder the surface.

Silicone – The most common form of sealant on the market, silicones come in a variety of grades for multiple application uses.

Polyurethanes – Combining the properties of a sealant, adhesive and filler into one product.

Oil Based Mastic – A traditional product mainly used in wooden window installations and pre-cast concrete panel sealing applications.

Treated Articles – Some products now state 'Please use treated articles responsibly' within the health and safety panel which refers to any item which contains a preservative to protect the product through its life cycle.

ADHESIVES

Bonds that last

Sika adhesives combine quality, reliability, and performance for every project.

- **Multi-purpose:** Hybrid sealants and adhesives for bonding and sealing in one.
- **Grab and Construction:** Grab adhesives for strong, dependable results.
- **Wood and Craft:** High-strength wood adhesives for precise joinery, industrial strength contact superglues, and all you need for creative projects.
- **Specialist:** Expert solutions for demanding applications.

Easy to apply and built to last, Sika adhesives deliver strong, lasting bonds every time.

Instant Nails is a high strength, solvent free, gap filling, multi use adhesive that provides a quick grab and replaces mechanical fixings in many home improvement applications. Dries white and may be overpainted if required.

Plaster / Timber / Polystyrene / Brick / Stone / Concrete / PVCu

Pinkgrip

Solvent Based Adhesive

Pinkgrip will stick just about anything on a building site that needs sticking.

Its amazing grabbing strength not only removes the need to pin under the workpiece to prevent slumping, but its revolutionary initial 'Direct Bond' eliminates the need for double stick methods. Pinkgrip can be used inside and outside and adheres to just about every building substrate.

Pinkgrip Dry Fix FR is a revolutionary type of fast curing, adhesive foam that has been specially developed for the rapid installation of Plasterboard, Insulation Boards and other sheet materials such as Roof Decking and Floorboards.

The Dual Flow system means that it can be applied using the nozzle provided or attached to the Dry Fix Applicator Gun. Pinkgrip Dry Fix FR provides significant labour saving and convenience benefits when compared to traditional dry wall adhesives. It will bond to most common building substrates; can be applied horizontally or vertically to the board, wall or battens/beams.

Dry Fix FR conforms to the requirement of EN13501-1 Class E for fire rating.

All Purpose Weatherproof Wood Adhesive is a high quality, resin based wood adhesive for all wood bonding. It can be used internally and externally and provides a high strength, impact resistant bond that is usually stronger than the wood itself. Ideal for all general woodworking and joinery uses, furniture assembly and household DIY use. Dries clear. Fast cure, initial set in just 10 minutes. **Conforms to the international standard EN 204 D3 and EN 14256 for resistance to static load.**

Lumberjack 5 Minute Polyurethane Wood Adhesive Gel

SGAN	SIZE	COLOUR	QTY	BARCODE
484682	310 ml	TRANS	12	5029347809034

Lumberjack 5 Minute Polyurethane Wood Adhesive Gel is a thixotropic, transparent, gap filling gel which sets hard in just 5 minutes. This product gives exceptionally high bond strength and is resistant to most chemicals. It foams slightly on application to fill small gaps, which in turn increases the bond strength. Particularly suitable for equipment manufacture and production line applications where rapid handling is required. **Conforms to EN 204. D4 Water Resistance.**

Wood / Metal / Brick / Concrete / Stone

Lumberjack 5 Minute Polyurethane Wood Adhesive Liquid

SGAN	SIZE	COLOUR	QTY	BARCODE
484683	750 g	BROWN	6	5029347601133

Lumberjack 5 minute polyurethane wood adhesive liquid is brown in colour and is ideal for larger applications, or in the workshop where greater economy is required. Sets hard in 5 minutes. The liquid is 100% waterproof, gives exceptionally high bond strength and is resistant to most chemicals. The product foams slightly on application to fill small gaps, which increases bond strength. **Conforms to EN 204. D4 Water Resistance.**

Wood / Metal / Brick / Concrete / Stone

Contact and Superglues

Stick 2

Instant Contact Adhesive

SGAN	SIZE	COLOUR	QTY	BARCODE
484613	250 ml	BEIGE	12	5029347065027
484612	750 ml	BEIGE	12	5029347065058
484611	5 L	BEIGE	4	5029347006556

Stick 2 All Purpose Contact Adhesive is a premium grade rubber based contact adhesive suitable for use with a wide variety of materials for both professional and DIY use. The product may be used for bonding decorative laminates, all types of wood, rigid PVC, ABS, leather, cork, linoleum, rubber, stone, metals and dense fabrics.

Laminates / Timber / Cork / Rubber / Metal

Stick 2

Carpet Fix Spray Adhesive

SGAN	SIZE	COLOUR	QTY	BARCODE
762051	500 ml	-	12	5029347603212

Sprayable medium duty glue which fixes P.U. and foam backed carpets, carpet tiles, underlay, paper felt and cork to most common substrates. Economical and time saving – quicker and easier than spreader applied adhesives. Foaming formula gives low soak into substrates.

Stick 2

Instant Spray Contact Adhesive

SGAN	SIZE	COLOUR	QTY	BARCODE
484593	500 ml	-	12	5029347060855

A sprayable glue which bonds to most common materials including wood, concrete, stone, tiles, rubber, foam, metals, rigid plastics, polyethylene, canvas fabrics, cardboard, paper and cork. Ideal for securing most carpets/floor coverings. Suitable for internal and external use. Time saving spray – easier and quicker to apply than most trowel/spreader applied adhesives. Repositionable.

Wood / Concrete / Stone / Tiles / Rubber / Foam
Metal / Rigid Plastic / Fabrics / Cardboard

Mammoth

Spray Adhesive

SGAN	SIZE	COLOUR	QTY	BARCODE
483334	500 ml	-	12	5029347611323

A ready to use solvent based flooring adhesive designed for fixing carpet grippers and trims, stair nosings and plastic and wooden skirting. Adheres to most common surfaces including wood, carpet, metal, stone, concrete, PVCu and much more.

Smart Tack Handy Aerosol

SGAN	SIZE	COLOUR	QTY	BARCODE
762050	500 ml	BLUE	12	5029347601188

Standard aerosol for smaller jobs. Offers all benefits with lower pressure application. 500 ml aerosol will cover 2.5-3.5m² of laminate when applied to both surfaces.

Laminates / Timber / Cork / Rubber / Metal

Stick 2 Industrial Superglue GP

SGAN	SIZE	COLOUR	QTY	BARCODE
484651	20 g	CLEAR	25	5029347900069
484652	50 g	CLEAR	20	5029347602345

Medium viscosity formula fills gaps to 0.1mm. For use on perfect fit surfaces where fast set is required. Bonds nonporous surfaces eg. most plastics, metals, glass, PVCu, rubber and EPDM. Viscosity at 25°C - 100cPs. Set time 5 to 15 seconds. Packed in self merchandising display boxes.

PVCu / Plastic / Glass / Metal

Stick 2 Industrial Superglue HV

SGAN	SIZE	COLOUR	QTY	BARCODE
484654	20 g	CLEAR	25	5029347601072
484655	50 g	CLEAR	20	5029347601089

High viscosity formula for porous and non porous substrates where a slightly delayed set is required. For use on MDF, rubber, metals, PVCu and plastics. Viscosity at 25°C - 1500 cPs. Set time range 10 to 30 seconds. Packed in self merchandising display boxes.

PVCu / Plastic / Glass / Metal

Stick 2 Superglue De-bonder

SGAN	SIZE	COLOUR	QTY	BARCODE
488881	20 ml	CLEAR	10	5029347601096

For de-bonding cured cyanoacrylate adhesive from most common surfaces e.g. steel, plastic, wood, glass and rubber. Can also be used on skin when applied as per instructions.

Stick 2 Thread Lock GP

SGAN	SIZE	COLOUR	QTY	BARCODE
486668	10 g	BLUE	10	5029347601720

Medium strength anaerobic, allows for disassembly, thixotropic non-drip formula For nuts, bolts, screws and threads. Can be used on oil contaminated parts.

Contact and Superglues

Stick 2 Instant Bond Contact Adhesive

SGAN	SIZE	COLOUR	QTY	BARCODE
489420	30 ml	BEIGE	10	5029347601607

Stick 2 Contact Adhesive is a premium grade rubber contact adhesive suitable for internal and external use with laminate, trim, wood, rigid PVC, ABS, leather, cork and metals. Instant bond.

Laminates / Timber / Cork / Metal

Stick 2 All Purpose Clear Adhesive

SGAN	SIZE	COLOUR	QTY	BARCODE
489510	30 ml	-	12	5029347601621

Stick 2 All Purpose Clear Adhesive is a strong, clear, quick drying adhesive suitable for a variety of household repairs and hobbies. Will stick ceramic, porcelain, wood, card, paper, most plastics, leather, cork, linoleum, rubber, stone, glass, metals and dense fabrics. 5 minutes repositionable.

Stick 2 Hard Plastic Adhesive

SGAN	SIZE	COLOUR	QTY	BARCODE
482347	30 ml	CLEAR	10	5029347601638

Stick 2 Hard Plastic Adhesive is a strong, clear, quick drying adhesive suitable for bonding most types of hard plastic such as rigid PVC, acrylic, polycarbonate and ABS. Ideal for use on non-pressure pipework, and numerous household applications.

Stick 2 All Purpose Superglue Tube and Bottle

SGAN	SIZE	COLOUR	QTY	BARCODE
483372	3 g	-	12	5029347600013

SGAN	SIZE	COLOUR	QTY	BARCODE
483374	5 g	-	6	5029347605933

Stick 2 All Purpose Superglue fills gaps up to 0.1mm and bonds non-porous surfaces such as plastics, metals, PVCu, rubber, ceramics and much more. 1 minute instant bond, perfect where a fast set is required. Re-sealable cap.

PVCu / Plastic / Glass / Metal

Stick 2 Superglue Gel Formula

SGAN	SIZE	COLOUR	QTY	BARCODE
482348	3 g	-	12	5029347605926

Stick 2 Superglue Gel will bond most common materials. The high viscosity formula is ideal for nondrip, vertical, porous or small gap filling applications. Superglue Gel is ideal for bonding wood, plastics, metals, paper, porcelain, rubber and more.

PVCu / Plastic / Glass / Metal

Stick 2 Rapid Epoxy Syringe Adhesive

SGAN	SIZE	COLOUR	QTY	BARCODE
483851	24 ml	-	12	5029347601645

Stick 2 Rapid Epoxy Syringe is an industrial strength two part clear adhesive which sets hard in 10 minutes. Will bond most common materials and once cured may be drilled, sanded or painted. For industry and home.

Metal / Glass / Wood / Ceramics

Stick 2 Touch Up Enamel

SGAN	SIZE	COLOUR	QTY	BARCODE
487746	25 ml	-	10	5029347609580

A high quality gloss enamel that provides superior rust protection and dries to a mirror like finish. It is ideal for touching up scratches and chips or enamel and lacquer damages on bathroom fixtures, kitchen appliances and ceramics. It provides excellent colour and gloss retention, even after repeated cleaning.

Mitre Fast Kit

SGAN	SIZE	COLOUR	QTY	BARCODE
489755	STD	CLEAR	6	5029347601119
462029	STD	CLEAR	24	5029347611637
489750	LRGE	CLEAR	6	5029347601126

Mitre Fast Bonding Kit is a two part instant adhesive system comprising a cyanoacrylate adhesive and aerosol activator. Mitre Fast is mainly used in the furniture, timber, kitchen and plastics industries where its instant bonding properties dramatically reduce assembly times for mitre joints.

SikaCeram® FlowFix Porcelain Paving System

SikaCeram® FlowFix is a high performance porcelain paving installation system, consisting of a bonding primer and jointing compound.

SikaCeram® FlowFix Bonding Primer is used to provide an exceptional bond between porcelain paving and the bedding mortar. Mixed solely with water, SikaCeram® FlowFix Bonding Primer is applied with a brush or roller to the rear of the paving when laying, to prevent the paving system breaking away from the mortar bed.

SikaCeram® FlowFix Jointing Compound is a controlled, cementitious flowable jointing grout which is applied by mixing with water on site. SikaCeram® FlowFix Jointing Compound is poured over joints with ease and worked into other exposed joints by squeegee. Once dry, the surplus is simply washed off. SikaCeram® FlowFix Jointing Compound is a highly workable product that is non-permeable once cured.

Sika® Setting Sand

Narrow Paving Joint Filler

SGAN	SIZE	COLOUR	QTY	BARCODE
442722	20 kg	BUFF	1	5055492700223

An easy to use, moisture curing jointing compound for narrow joints. Sika® Setting Sand can be simply poured or swept into joints before being saturated with water. Provides perfect pointing for all types of block paving; once cured, it will not wash out, shrink or crack over time.

Sika® Mouldbuster

Mould and Algae Treatment

SGAN	SIZE	COLOUR	QTY	BARCODE
174996	5 L	-	4	5055047209096

A powerful treatment which is effective on most surfaces. Sika® Mouldbuster works to remove algae, mould and green growth over several weeks, but results can be seen in days. Simply spray and leave to dry - no need for scrubbing or pressure washing.

Sika® Brick and Patio Cleaner

SGAN	SIZE	COLOUR	QTY	BARCODE
102476	5 L	-	4	5055047200581

A fast acting, acid based cleaning solution for brickwork, concrete and paving. Sika® Brick and Patio Cleaner contains a powerful formula that dissolves mortar and cement stains, ingrained dirt and efflorescence on mineral surfaces.

Sika® Dustproofer & Concrete Hardener

Concrete Surface Hardener

SGAN	SIZE	COLOUR	QTY	BARCODE
879841	5 L	-	4	5029347004354

The smart, ready-to-use solution for turning dusty or weak concrete floors into strong, wear-resistant surfaces. Whether you're sealing a new garage floor or reviving an old one, this advanced formula reacts chemically with the lime content of concrete to form a hard wearing surface and stop dust in its tracks. Certified to BS EN 1504-2.

Sika® 404 Fungicidal Wash

Mould, Fungi and Algae Treatment

SGAN	SIZE	COLOUR	QTY	BARCODE
879881	5 L	-	4	5029347004453

A powerful and fast-acting fungicidal wash that eliminates mould, algae, green slime, and lichen from a wide range of surfaces, both internally and externally, such as paths, patios, roofs, greenhouses, sheds and fences, grout, sealant, plaster, wallpaper and more.

Sika® Stabilising Solution

SGAN	SIZE	COLOUR	QTY	BARCODE
879950	5 L	-	4	5029347601508

A microscopically fine polymer emulsion which penetrates dusty / chalky and badly weathered surfaces to leave a stable and sound base for decoration with paint, wallpaper, tiling or other material finishes. Suitable for both interior and exterior.

Everbuild® Patio Wizard

SGAN	SIZE	COLOUR	QTY	BARCODE
484818	5 L	-	4	5029347606312

Patio Wizard kills algae, green growth, mould and fungi on patios, paths, driveways and all hard surfaces. It is so easy to use, just apply and leave to dry, no need for any washing off, scrubbing or pressure washing. Supplied as a concentrate that dilutes with water at 1:10 i.e. 5 L makes 50L and 1 L makes 10L.

Sika® Cement & Mortar Stain Remover

SGAN	SIZE	COLOUR	QTY	BARCODE
880609	5 L	-	4	5029347611026

Sika® Cement & Mortar Stain Remover is a multi-purpose cleaner designed for the effective removal of wet and cured cement, concrete and mortar stains from most mineral surfaces, including walls, paths, and patios. As an alternative to hydrochloric acid it is safe for use on metal tools and equipment such as cement mixers. It will also help remove salts and efflorescence from mineral substrates and can be used as a general cleaner for removing ingrained dirt. The highly concentrated formula can be diluted up to 10 times with water to suit a variety of applications.

Sika® Tarmac Restorer

SGAN	SIZE	COLOUR	QTY	BARCODE
879951	5 L	-	4	5029347612856

A high performance surface coating specially formulated to make tired old tarmac look just like new. Sika® Tarmac Restorer provides a tough, durable, low sheen finish which protects from weathering and oil spills, as well as unsightly plant and weed growth. Tarmac restorer is easy to apply, provides long term protection and restores the deep, black finish of your tarmac. As it is quick drying, driveways can be used after only 4 hours following application.

Sika® Oil Remover

SGAN	SIZE	COLOUR	QTY	BARCODE
880502	1 L	-	12	5029347611187

Sika® Oil Remover is a ready to use high performance cleaner for drives, paths and patios. The quick and easy solution for removing oil, petrol, diesel, and grease stains from driveways, garage floors and BBQ areas. It works on most common surface types including block paving, natural stone, concrete, tarmac, and most common paving materials. Sika® Oil Remover can also be used as a general cleaner to revive the look of pathway and patio areas.

Sika® Efflorescence Remover

SGAN	SIZE	COLOUR	QTY	BARCODE
880503	5 L	-	4	5029347611200

Sika® Efflorescence Remover eliminates salt and unsightly white efflorescence from bricks and concrete. A biodegradable formula that works on walls, paths and patios, and can be poured, sprayed or brushed on.

Resiblock Superior
Block Paving Sealer

Sika® Path & Patio Sealer

SGAN	SIZE	COLOUR	QTY	BARCODE
880086	5 L	CLEAR	4	5055047206354
879865	25 L	CLEAR	1	5029347000660

A low odour, water based, acrylic coating that is ideal for sealing and protecting patios, paths, driveways and block paving. Sika® Path & Patio Sealer protects against the effects of water, petrol, and green growth. The milky solution dries to a clear hard-wearing, water-repellent film which gives a low sheen slip-resistant finish.

Sika® Water Sealer

SGAN	SIZE	COLOUR	QTY	BARCODE
880435	5 L	CLEAR	4	5029347004255
880436	25 L	CLEAR	1	5029347004262

Sika® Water Sealer is a high performance transparent water repellent specifically designed to prevent water penetration on mineral substrates such as brick, stone, masonry, pebble dash and render without trapping moisture. Formulated with advanced silicone technology, it penetrates deep into mineral surfaces to repel water and moisture, but will still enable the surface to breathe.

Sika® Stone Protector

SGAN	SIZE	COLOUR	QTY	BARCODE
410465	5 L	CLEAR	4	5055047210993

A water-based solution which is suitable for all forms of porous stone. Once applied to a surface, Sika® Stone Protector resists stains without changing the aesthetic look of the surface it is applied to.

Everbuild® 409 Block Guard

Block Paving Seal and Joint Sand Stabiliser

SGAN	SIZE	COLOUR	QTY	BARCODE
482659	5 L	-	4	5029347603083
482658	25 L	-	1	5029347605780

Block Guard is a block paving seal and joint sand stabiliser based on a clear solvent based acrylic coating to bind jointing sand and form a durable seal over block paving and other mineral pavers/flags. It penetrates deeply into pavers and jointing sand and then cures by solvent evaporation.

Sika® Water Seal

Waterproof and Protector

SGAN	SIZE	COLOUR	QTY	BARCODE
171270	5 L	-	4	5055047210580

A solvent based water sealer for masonry. Protects structures against rain and damp. Upon application, Sika® Water Seal penetrates up to a depth of 5mm. This product is designed to have minimal effect on appearance or breathability of the surface it product is applied to.

WOOD CARE

Protecting wood.
Preserving strength.

Wood faces threats from decay, insects, moisture, and fungi. Sika's Woodcare range provides reliable solutions to stop problems at the source and protect against future damage.

- **Targeted Treatments:** Powerful formulas like Sika 5 Star Wood Treatment, Woodworm Killer, and Masonry Dry Rot tackle infestations and halt deterioration.
- **Lasting Preservation:** Deep-penetrating preservatives defend against rot, fungi, and weathering.
- **Trusted Performance:** From structural timbers to garden furniture, Sika keeps wood strong, durable, and looking its best.

Sikagard®

Universal 5 Star Wood Treatment

SGAN	SIZE	COLOUR	QTY	BARCODE
422881	5 L	CLEAR	4	5055047210344

All-in-one treatment for wet rot, dry rot, fungi and wood-boring insects.

A deep-penetrating, low-odour treatment formulated with Micro-fine active technology to kill and protect against all common wood rot, decay and insect attack. Suitable for both internal and external use, it can be applied to damp timbers without loss of performance. Fast-drying, non-flammable, and ideal for long-lasting protection across all wood and joinery.

Sikagard®

Woodworm Killer

SGAN	SIZE	COLOUR	QTY	BARCODE
408177	5 L	CLEAR	4	5055047210368

Targeted treatment for all life stages of wood-boring insects.

A low-solvent, low-odour treatment formulated with Micro-fine active technology to penetrate deep into timber, killing woodworm and protecting against re-infestation.

Sikagard®

Wood Preserver

SGAN	SIZE	COLOUR	QTY	BARCODE
172046	5 L	Clear	4	5055047210436

Deep-penetrating protection against wet rot, dry rot and fungi.

A low-odour, fast-drying wood preserver formulated with Micro-fine active technology for superior penetration and long-lasting protection. Contains advanced fungicides and algacides to prevent wood decay and rot. Non-flammable and suitable for application to damp timbers without loss of performance.

Wood Preserver

483727	5 L	FIR GREEN	4	5029347803032
633478	5 L	SLATE GREY	4	5029347615789

Wood Preserver is a low-odour, deep-penetrating solution that protects wood from rot, decay, fungi, insects, and blue stain. Suitable for most interior and exterior wood, it contains micro-fine actives for lasting protection. Quick-drying and lightfast, it delivers even, long-lasting colour.

Triple Action Wood Treatment

SGAN	SIZE	COLOUR	QTY	BARCODE
483183	1L	CLEAR	10	5029347801014
483185	5 L	CLEAR	4	5029347801038
483186	25 L	CLEAR	1	5029347801045

Triple Action Wood Treatment delivers complete wood care in one can – treating, protecting, and preserving in a single step. Its deep-penetrating formula defends against wet rot, dry rot, fungi, and wood-boring insects and larvae. With micro-fine actives for lasting protection, it kills, protects, and preserves from the inside out.

Woodworm Killer

SGAN	SIZE	COLOUR	QTY	BARCODE
483790	5 L	CLEAR	4	5029347610975

Woodworm Killer is a ready to use treatment for the eradication of all types and life stages of wood boring insects and their larvae, specifically woodworm. The added insecticide also aids to actively kill the woodworm and protect against re-infestation. Low odour with micro fine actives that penetrate deep into the wood.

Masonry Dry Rot Treatment

SGAN	SIZE	COLOUR	QTY	BARCODE
483768	5 L	CLEAR	4	5029347610982

Masonry Dry Rot Treatment is a ready to use treatment for the eradication of dry rot in masonry and brickwork. The added biocide helps to protect against re-infestation. Low solvent, low odour and low VOC.

ROOFING

Repair and protect with ease

Reliability and performance are critical when it comes to roofing. Sika's range of repair and protection products ensure lasting results for both residential and commercial roofing applications.

- **Bitumen-based:** From paints, primers, and coatings, to adhesive, trowel mastic, and emulsions, our range of bitumen products has your roof covered.
- **Repairs made easy:** Whether looking for an instant fix or a lasting repair, our waterproof solutions instantly stop leaks in their tracks.
- **Introducing Cromar:** Following the acquisition of Cromar Building Products, even more roofing solutions are now available through Sika, providing professional grade products for the roofing installer.

Whether looking for a waterproofing system for new roof, or refurbishing an old installation, Sika has the answer.

Sika® Evercryn One Coat Roof Repair Compound

Sika® Evercryn is a resin based, fibre re-enforced* roof repair compound which is effective on all common roofing surfaces, giving instant roof repairs even in the wet and on wet surfaces. May also be applied in frosty conditions down to -5°C.

Sika® Evercryn is instantly waterproof when applied, there is no fear of wash off so emergency leaks can be tackled immediately as there is no need to wait for the rain to stop. Sika® Evercryn is brush applied and dries to a smooth seamless flexible membrane which resists algae and fungal growth. Because of the high level of fibre reinforcement, Sika® Evercryn will bridge small cracks and requires only a one coat brush application to give instant and total water protection, even in areas subject to ponding. Sika® Evercryn requires no primer on sound non-porous surfaces. Specifically designed for the following applications: general sealing, maintenance, repair and waterproofing of most common roofs in wet or dry conditions – for use on concrete, fibre/cement, roofing felt, mastic asphalt, existing bituminous roof coatings, rigid PVCu, corrugated iron, metals, slates, brickwork, tiles, lead, copper and zinc.

*Excludes translucent.

CAN BE USED IN THE WET

NO PRIMER NEEDED

ONE COAT APPLICATION

Sika® Evercryn Emergency Roof Repair is an emergency repair aid for use on external roofing applications. The formula has a gel consistency to allow it to be cartridge applied while still containing the top quality fibres that you expect with Sika® Evercryn. The product is applied through a special 'duck bill' shaped nozzle ideal for emergency repairs to gaps, cracks and holes in roofs, gutters, flashing, upstands and felt. It even works in wet conditions so there is no need to wait for the rain to stop.

Lead Mate
Patination Oil

SGAN	SIZE	COLOUR	QTY	BARCODE
489040	500 ml	-	10	5029347608927
489041	1 L	-	10	5029347608873

Specially formulated to provide a protective coating for newly installed leadwork, that helps to prevent the white carbonate staining that affects new lead and surrounding tiles, brickwork, and stonework. Just one coat of Patination Oil helps to provide a uniform attractive appearance to newly installed lead and helps the ageing process whilst the natural patina of the lead is being formed.

Sikalastic Fleece-120

97480	50m	-	1	7612894436402
-------	-----	---	---	---------------

An easy to use, all weather roofing system ideal for waterproofing flat or pitched roofs.

SikaRoof® Liquid Membrane is a one-component, fast curing, polyurethane based waterproofing system for flat and pitched roofs.

Applied in two coats by brush or roller, SikaRoof® Liquid Membrane creates a solid, seamless, waterproof membrane that remains permanently flexible, making it the ideal solution for new installations, the refurbishment of old or to overlay most common roofing substrates.

SikaRoof® Liquid Membrane comes ready to use and is cold applied by brush or roller, using moisture in the air to cure meaning no additional catalyst is required. And what's more, it will cure in many weather conditions becoming completely rain resistant in just 10 minutes, even if a pool of water forms on top of it.

Suitable for use on a variety of substrates, SikaRoof® Liquid Membrane is compatible with concrete, mortar, stone, fibre cement, roof tiles and metals. Not only that but it can also be applied to wood, asphalt, roofing felt and bituminous coatings with the use of full reinforcement in the form of Sikalastic Fleece-120.

**PU WATERPROOFING LIQUID MEMBRANE
FOR FLAT AND PITCHED ROOFS**

**FAST CURING - RAIN
RESISTANT IN 10 MINUTES**

**MOISTURE CURING TECHNOLOGY
- NO CATALYST REQUIRED**

**FOR NEW ROOFS AND
REFURBISHING OLD ROOFS**

STEP ONE

Ensure all surfaces are sound, clean and free from dust and loose friable material.

STEP TWO

Apply the first coat of SikaRoof® Liquid Membrane liberally at a thickness of 1mm, by brush or solvent-resistant roller.

STEP THREE

If required, apply Sikalastic Fleece-120 on top of the first coat whilst still wet, overlapping the edges.

STEP FOUR

Apply a second coat at a similar thickness to the first, immediately after laying the fleece.

For full application instructions, please refer to latest Product Data Sheet or contact the Sika Technical Team.

Black Jack Self Adhesive Flashing Tape

SPECIALITY APPLICATIONS

When performance is critical

Certain jobs demand more than standard sealants and foams—they demand specialist solutions. The Sika Specialty Applications range is engineered to deliver safety, reliability, and confidence where it matters most.

- **Passive Fire Protection:** Our fire-rated and heat-resistant sealants provide trusted performance in high-temperature and fire-critical environments.
- **Fire-rated foams:** Sika B1 and B2 expanding foams combine easy application with tested fire resistance, helping to seal, insulate, and protect with confidence.
- **Specialty water solutions:** Seal, bond, and block water ingress, delivering reliable performance in tough conditions.

With Sika, you get specialist answers to complex challenges, innovative products that keep projects safe, compliant, and secure.

Movement Accommodation	+/-25%
Skinning Time	30 - 45 mins
Elastic Recovery	80%
Elongation at Break	350%

A fire resistant, elastic, neutral cure silicone sealant for interior and exterior joints in walls and floors.

Typically used for movement and connection joints within partitions and other structures.

Fire rated to EN 1366-4.

SikaSeal®-632 Firespan

Ablative Pads

SGAN	SIZE	COLOUR	QTY	BARCODE
486164	SINGLE	RED	20	5029347911126
486165	DOUBLE	RED	20	5029347911133

Designed to be used on the inside or outside of electrical socket boxes to maintain fire and smoke barrier where service holes are cut into dry lining and all types of fire rated boarding. Tested to EN1366-3 to provide up to 2 hours fire protection, and also maintain acoustic integrity of the drylining system. High tack adhesion, pliable and mouldable, self bonding.

Single Socket Pad Size: 4MM thick x 170 mm x 170 mm.
Double Socket Pad Size: 4MM thick x 230 mm x 170 mm.

Acoustic rated to BS EN ISO 140-3. Tested for air permeability to EN13141-1 Ventilation for buildings. Performance testing of components/products for residential ventilation.

Roll and Stroll Premium Carpet Protector

SGAN	SIZE	COLOUR	QTY	BARCODE
462111	25 m	YELLOW	6	5029347605636
484946	75 m	YELLOW	1	5029347605643

The ultimate fire-rated, self-adhesive carpet protector with the adhesive coating on the outside making light work of unwinding and applying to the area. Safer than dust sheets, Roll and Stroll is waterproof, won't tear and can be left for up to 4 weeks.

Roll and Stroll Textured Non-Slip Carpet Protector

SGAN	SIZE	COLOUR	QTY	BARCODE
484868	75 m	YELLOW	1	5029347610265

Roll & Stroll Textured Non-Slip Carpet Protector is the ultimate self-adhesive carpet protection solution. With the adhesive on the outside, it's easy to unwind, safer than traditional dust sheets, and ideal for all trade applications. Provides waterproof protection and textured for a secure, non-slip finish.

Roll and Stroll Contract Carpet Protector

SGAN	SIZE	COLOUR	QTY	BARCODE
484869	50 m	CLEAR	1	5029347606206
484910	100 m	CLEAR	1	5029347606213

Roll and Stroll Contract Carpet Protector is the ultimate clear self adhesive carpet protection system. With the adhesive coating on the outside, it is easy to unwind, safer than dust sheets and has a multitude of uses across all trade sectors. Totally waterproof, it protects against spillage, and won't tear or rip.

Roll and Stroll Hard Surface Protector

SGAN	SIZE	COLOUR	QTY	BARCODE
462110	25 m	CLEAR	6	5029347606077
484945	75 m	CLEAR	1	5029347606084

Roll and Stroll Hard Surface Protector is the ultimate self adhesive floor protection, works on all hard surfaces such as timber, ceramic tiles, laminate, vinyl, metal and stone. It is also suitable for use on worktops, window sills; doors and kitchen units. With the adhesive coating on the outside it is easy to unwind, safer than dust sheets and has a multitude of uses, protects against spillage and won't tear or rip.

Glass Protector

SGAN	SIZE	COLOUR	QTY	BARCODE
467445	25 m	RED	15	5029347611248

Glass Protector is the ultimate self adhesive protector ideal to protect glass against the mess, dirt, staining, spillages and soiling that occurs during general building and decorating work. It also reduces the risk of costly scratches to glass. With the adhesive coating on the outside it is also easy to apply.

Cotton Dust Sheets

SGAN	SIZE	COLOUR	QTY	BARCODE
484993	3.7 m x 2.7 m (12' x 9')	-	10	5029347604127

Cotton Dust Sheet is made of strong hardwearing cotton which protects surfaces from spills, splashes and dust. Reversible and machine washable.

Laminated Cotton Dust Sheets

SGAN	SIZE	COLOUR	QTY	BARCODE
484992	3.7 m x 2.7 m (12' x 9')	-	10	5029347602574

Top quality cotton twill with polythene inter-laminate, stops paints and liquids passing through.

Polythene Dust Sheets

SGAN	SIZE	COLOUR	QTY	BARCODE
484995	3.7 m x 2.7 m (12' x 9')	CLEAR	20	5029347602253

Heavy duty, perfect for painting. Protects from paint spills, splashes, dirt and dust.

All Purpose Ready Mixed Filler

SGAN	SIZE	COLOUR	QTY	BARCODE
480176	600 g	WHITE	12	5029347000899
480182	1 kg	WHITE	12	5029347000882

All Purpose Filler is an easy to use ready mixed filler which is suitable for both interior and exterior use. Fills holes up to 9mm deep. Dries to a smooth but tough crack resistant sandable finish which may be painted, papered or stained. Designed for repairs to plaster, plasterboard, brick, render, wood, stone and most other building materials.

Fine Surface Ready Mixed Filler

SGAN	SIZE	COLOUR	QTY	BARCODE
480440	600 g	WHITE	12	5029347000998

Fine Surface Filler is an easy to use ready mixed filler for filling small holes up to 4mm deep, and surface imperfections in most porous surfaces such as plaster and wood. Dries to a very smooth finish that can be painted or papered.

Deep Gap Ready Mixed Filler

SGAN	SIZE	COLOUR	QTY	BARCODE
480445	1 L	LIGHT GREY	6	5029347609368

Deep Gap Filler is a filler, formulated to fill most holes and cracks; especially deep holes up to 50mm, in just one quick application. It will not shrink, sag or crack and finishes smooth, requiring little or no sanding.

Keep it simple with Caulk Once

See page 9

All Purpose Powder Filler

SGAN	SIZE	COLOUR	QTY	BARCODE
480442	450 g	WHITE	16	5029347600570
480443	1.5 kg	WHITE	10	5029347600587
480444	5 kg	WHITE	1	5029347611873

All Purpose Powder Filler for both interior and exterior use, with added PVA for extra strength. Fills holes up to 40mm deep. For repairs to plaster, brick, stone, wood, can be nailed or screwed when dry. Quick setting, non-shrink.

All Purpose Ready Mixed Filler Easi Squeeze

SGAN	SIZE	COLOUR	QTY	BARCODE
480266	330 g	WHITE	12	5029347600389

Fast drying ready mixed filler in an easy to use squeeze tube, can be used for a multitude of filling applications both internally and externally. Fills holes up to 5mm deep.

Fill and Skim Ready Mixed Plaster

SGAN	SIZE	COLOUR	QTY	BARCODE
486745	5 L	WHITE	1	5029347603229

Fill and Skim is a ready mixed lightweight plaster for both patching jobs and covering larger areas. Fill and skim is ideal for covering over old textured surfaces. Ideal for trade and DIY use.

Brick / Stone / Concrete / Plaster

Filler Coat Thick Base Coat

SGAN	SIZE	COLOUR	QTY	BARCODE
486746	5 L	WHITE	1	5029347610067

Filler Coat is a thick base coat for use on imperfect surfaces prior to painting. It hides and obliterates areas that have been filled, as well as covering and preventing the reappearance of hairline cracks. Working like a roll on filler, the thick formula completely covers strong colours. Ideal for use on walls and ceilings.

Brick / Stone / Concrete / Plaster

467448	50 mm x 45 m	BLACK	12	5029347611743
696047	50 mm x 45 m	SILVER	12	5029347611736

Gaffa Tape is a strong, tough and durable utility grade cloth tape for use in repairs in construction, industry, home and garden.

Mammoth

Aluminium Tape

SGAN	SIZE	COLOUR	QTY	BARCODE
482270	50 mm x 45 m	SILVER	24	5029347604509
482271	75 mm x 45 m	SILVER	16	5029347604516
482259	100 mm x 45 m	SILVER	12	5029347604523

Heat and light reflective aluminium foil tape, heat resistant to 180°C, flame retardant to Class O. Excellent moisture resistance, ideal for use as a vapour barrier between foil faced insulation panels in roof and wall applications, duct sealing on all types of air conditioning and ventilation and protecting wires and pipes from heat.

Mammoth

Clear Weatherproof Tape

SGAN	SIZE	COLOUR	QTY	BARCODE
488634	50 mm x 10 m	CLEAR	36	5029347610494

Strong Weatherproof Tape with strong adhesive, ideal for jointing and repairing all PVC and polythene Sheets and many other uses in construction, industry and the home. Also ideal for repairing cracks in glass and acrylic without obscuring vision/light.

Mammoth

Low Tack Masking Tape

SGAN	SIZE	COLOUR	QTY	BARCODE
486865	25 mm x 25 m	OFF WHITE	60	5029347604622
486864	50 mm x 25 m	OFF WHITE	30	5029347604639

The professionals choice for application to more delicate surfaces and wallpaper, where conventional Masking Tapes could damage the surface. Can be left on for up to 7 days, without a residue being left on the surface.

**Mammoth**

Pro Blue Masking Tape

486867	50 mm x 50 m	OFF WHITE	24	NO BARCODE
486866	75 mm x 50 m	OFF WHITE	16	NO BARCODE

General purpose trade quality masking tape for conventional paint masking, can be left on for up to 3 days without leaving a residue. Loose packed rolls without individual film wrap or barcode.

Mammoth

Multi-Purpose Double Sided Tape

SGAN	SIZE	COLOUR	QTY	BARCODE
488735	25 mm x 25 m	CLEAR	48	5029347604707
488736	50 mm x 25 m	CLEAR	24	5029347604714
488737	50 mm x 5 m	CLEAR	30	5029347610623

High tack multi-purpose double sided tape, ideal for securing many items to smooth surfaces, vertically and horizontally.

Silweld

Silicone Self Fusing Repair Tape

SGAN	SIZE	COLOUR	QTY	BARCODE
484806	3 m	BLACK	6	5029347611279

Silweld is the incredible silicone self fusing tape that can be used to repair almost anything from an emergency repair to a water hose or air pipe to insulating electrical wires or connections.

It creates an air tight, watertight seal in seconds without the need for any adhesive and even works underwater. Excellent electrical insulator up to 8,000 volts, withstands extreme temperatures -65°C to 260°C and even withstands pressure to 700psi. Silweld also resists petrol, oil, acids, solvents, salt water and UV rays.

EuroScrim

Self Adhesive Scrim Tape

SGAN	SIZE	COLOUR	QTY	BARCODE
484687	48 mm x 90 m	WHITE	24	5029347611750
484688	100 mm x 90 m	WHITE	12	5029347612627

EuroScrim is a premium quality, quick and easy to apply, self-adhesive scrim tape that is made in Europe to perform!

EuroScrim has a quality high tack adhesive and an open mesh that will not blister or bubble, creating perfect joints every time.

CLEANERS AND ACCESSORIES

Finishing touches that make all the difference

Every project deserves a perfect finish, and Sika's Accessories and Cleaners range provides the smart solutions to keep surfaces clean, protected, and performing at their best.

- **Everyday cleaning:** Specialist wipes, glass cleaners, and uPVC cleaners quickly remove dirt, residue, and grime for a professional finish every time.
- **Problem Solvers:** Targeted solutions tackle graffiti and stubborn marks.
- **Maintenance Made Easy:** Lubricants and accessories protect surfaces and keep fittings moving smoothly.

Wonder Wipes
Heavy Duty

SGAN	SIZE	COLOUR	QTY	BARCODE
467443	75	-	6	5029347609467

Heavy Duty Wonder Wipes are textured wipes specially formulated for the building, engineering and allied trades to clean ingrained dirt from hands, tools and surfaces.

Wonder Wipes
Multi-Use Spray

SGAN	SIZE	COLOUR	QTY	BARCODE
511711	1 L	-	12	5029347613952

Multi-Use Wonder Wipes is available in a hand spray. Wonder Wipes Spray is the ideal solution for cleaning large surface areas by using the spray with Paper Wipe Rolls or refreshing a Wipe to make it go that extra mile. Wonder Wipes Spray is also the perfect way to keep the PVC door and window frames looking good as new.

Glass Cleaner

SGAN	SIZE	COLOUR	QTY	BARCODE
490894	1L	-	12	5029347900014

Glass Cleaner is a powerful glass cleaning agent containing a high level of detergents and solvents for rapid drying to a smear and static free finish. May also be used on tiling, VDUs, TV screens, chrome, and other glass items.

PVCu Solvent Cleaner

SGAN	SIZE	COLOUR	QTY	BARCODE
486919	1L	-	12	5029347900045

PVCu Solvent Cleaner is a solvent based product formulated to remove ingrained dirt from PVCu and most plastics. Also suitable to restore an 'as new' look to old windows and plastic garden furniture. Fast drying.

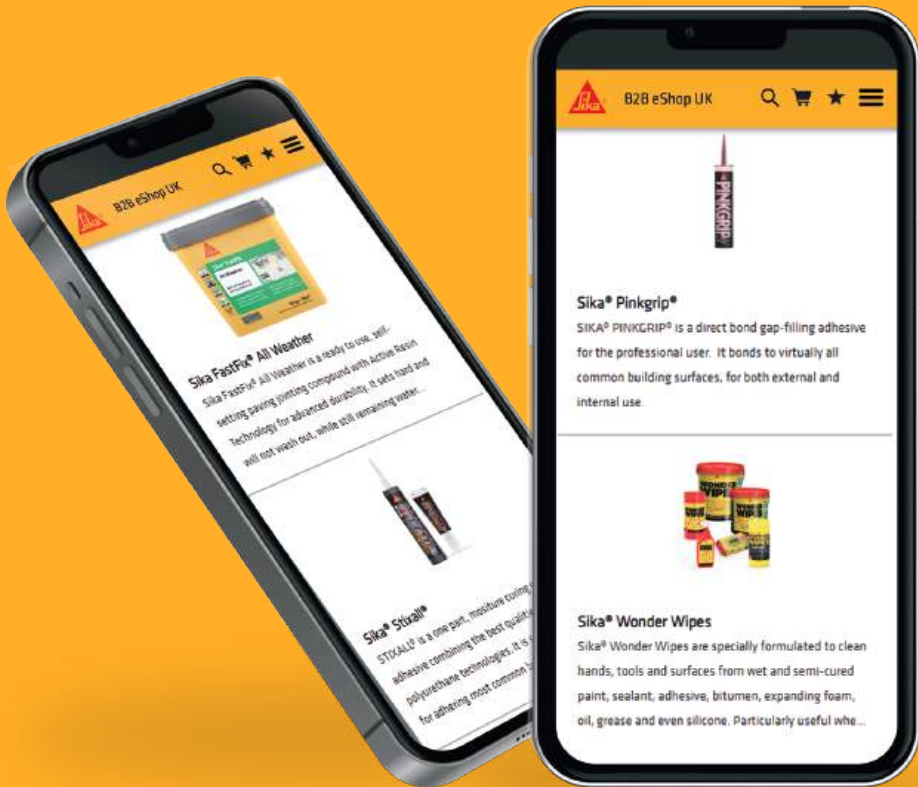

All Purpose
Silicone Spray

SGAN	SIZE	COLOUR	QTY	BARCODE
484813	400 ml	-	12	5029347600648

All Purpose Silicone Spray is a dry silicone lubricant and mould release agent for the easing of friction between two surfaces. Ideal for use in mould making/release industries, to ease installation of rubber and EPDM gaskets to window and door frames and has 100's of uses around the home, garage, workshop and industry. Silicone Spray will also enhance the appearance of vinyl and hard surfaces such as car dashboards etc, where the dry-bright finish will eliminate the need for polish.

Standard Nozzles

SGAN	SIZE	QTY	BARCODE
489640	-	12	5029347606237

Standard cartridge nozzles, handy replacements packed in 6's.

Seal Rite Strip-Out Tool

SGAN	SIZE	QTY	BARCODE
482769	-	12	5029347603557

The Strip-Out Tool works on any type of sealant and is the ideal partner for use before applying silicone sealant. The Strip-Out Tool is incredibly simple and its design and shape provides a really quick way to strip all types of sealant out of any 90° angle joint.

Seal Rite Smooth-Out Tool

SGAN	SIZE	QTY	BARCODE
486847	-	12	5029347603618

The Smooth-Out Tool is a unique tool that is ideal for smoothing out all sealants after application – it creates a perfect seal every time. Even better, you will have no edge marks and no mess! This tool is really remarkable, once used, you'll never seal again without it.

Seal Rite Strip-Out and Smooth-Out Twin Pack

SGAN	SIZE	QTY	BARCODE
483399	-	12	5029347609603

A Twin pack with Strip-Out Tool for easy sealant removal and Smooth-Out Tool to create the perfect seal. Ideal for use with our full range of Silicone Sealants.

PLUMBING AND HEATING

Leak free seals where it matters most

Sika's heating and plumbing range provides high-quality products that make installation, repair, and maintenance fast and dependable.

- **Secure sealers:** Keep plumbing secure and leak free with our range of high-performance sealers.

With Sika heating and plumbing supplies, every connection is strong, every job is simpler, and every system is built to last.

P13 Putty

SGAN	SIZE	COLOUR	QTY	BARCODE
488411	750 g	BEIGE	12	5029347600655

Plumber's Putty is a ready-mixed, waterproof, non-setting putty designed for sealing and bedding WC soil pipes, joints in sanitary wear, sinks and waste water fittings. Plumber's Putty will seal ceramics, vitreous enamels, metals and PVC. Remains permanently flexible to allow for joint movement.

P16 PVC Pipe Cement

SGAN	SIZE	COLOUR	QTY	BARCODE
488408	250 ml	-	12	5029347607029

PVC Pipe Cement is a non-drip, thixotropic solvent based pipe cement for bonding non-pressure PVC and ABS thermoplastic pipes and conduits to themselves and each other.

Conforms to BSEN14814 and BSEN14680.

CONFORMS TO
BSI KMS61610

PVC/PVCu/ABS

P20 Flux Soldering Paste

SGAN	SIZE	COLOUR	QTY	BARCODE
488416	140 g	WHITE	12	5029347613068

Plumber's Flux is a soft paste which is applied to joint areas prior to soldering. It is suitable for use with most metal types. It is self cleaning and can be used with potable water.

range of
grab adhesives

Pages 36-42

Heat Resistant Silicone

SGAN	SIZE	COLOUR	QTY	BARCODE
486749	310 ml	BLACK	12	5029347609290

Heat Resistant Silicone is a high temperature resistant, fast cure, silicone, heat stable up to 275°C, which is permanent flexibility – high modulus sealant. It is ideal for joints and assemblies in ducting, metal chimneys, industrial/domestic ovens, heating appliances. Excellent adhesion to most non-porous surfaces.

Flue Jointing Compound

SGAN	SIZE	COLOUR	QTY	BARCODE
488403	500 g	-	12	5010618050019
488407	1 kg	-	12	5010618050217

Flue Jointing Compound is a finely dispersed asbestos free material with a stiff consistency. It will not harden completely and small movements can be accommodated without cracking. Flue Jointing Compound is nonflammable and, therefore, there is no risk of fire.

See our specialist
fire-rated
sealant range.

Sika®-1 Waterproofer

Liquid Waterproofing Additive

SGAN	SIZE	COLOUR	QTY	BARCODE
114448	5 L	YELLOW	4	7612895673271
114449	25 L	YELLOW	1	5055047200123

A liquid waterproofing additive for mortar and concrete.

The colloidal silicates in the additive swell and block the capillaries and pores in the applied sand/cement renders, screeds and mortar to provide an effective barrier against the transmission of liquid water.

**PROVEN TRACK RECORD
FOR OVER 100 YEARS**

**EXCELLENT RESISTANCE
TO BACKWATER PRESSURE**

**WATERPROOF RENDERS
TO RESIST MOISTURE
ABOVE GROUND**

**CONSUMPTION: 0.75 L
PER 25 KG CEMENT**

Sika®-2 Water Plug

SGAN	SIZE	COLOUR	QTY	BARCODE
114452	5 L	RED	4	505547200048

A ready to use, rapid setting, leak stopping liquid which is mixed with ordinary portland cement to produce a paste for immediate leak sealing against high water pressure infiltration. Suitable to seal severe water leaks and to be applied on surfaces with running surface water.

Sika®-4 Rapid Setting

SGAN	SIZE	COLOUR	QTY	BARCODE
114453	5 L	BROWN	4	5055047200086

A ready to use liquid for accelerating the set time of mortars and renders where low water pressure or slow water movement exists. Sika®-4 Rapid Setting Provides excellent resistance to backwater pressure and prevents cement wash out.

Sika®-4a Water Stop

SGAN	SIZE	COLOUR	QTY	BARCODE
114454	5 L	CLEAR	4	5055047200109

A ready to use, quick setting, liquid which is mixed with water and ordinary portland cement to produce a paste for leak stopping. Sika®-4a Water Stop is suitable for use against high or moderate water pressure infiltrations.

Sikalastic®-1K

SGAN	SIZE	COLOUR	QTY	BARCODE
489549	20 kg	GREY	1	5055492701305

A one-component, highly flexible, cementitious, fibre-reinforced mortar for the waterproofing of concrete structures. It can be used for the outside waterproofing and protection of basement walls as well as on hydraulic structures, such as swimming pools.

Sika® Damp Proofing Slurry

SGAN	SIZE	COLOUR	QTY	BARCODE
456454	20 kg	GREY	1	5055492700704
102198	25 kg	GREY	1	5055047201021

A high-quality, thin layer, waterproof slurry coating that contains special cements and admixtures that provides a finish that prevents dampness and water penetration. Easy to mix and apply as well as being overpaintable with vapour permeable coatings.

SikaMur®
InjectoCream-100

SGAN	SIZE	COLOUR	QTY	BARCODE
425016	300 ml	WHITE	12	7612894892604

A silane-based, waterproof cream that can be inserted into holes in mortar course of the wall to provide a Damp Proof Course (DPC) that will block future rising damp.

Febtank Super
Waterproof Coating

SGAN	SIZE	COLOUR	QTY	BARCODE
486609	25 kg	GREY	1	5029347607807
489396	20 kg	GREY	1	5029347609856

Febtank Super, when mixed with clean water, forms an extremely durable waterproof coating for concrete and masonry which is easily applied by a stiff hand brush, broom or spray. Ideal permanent waterproofing system for basements, cellars, pools, reservoirs and below ground level applications. Resists both negative and positive water pressure. **Tested to BSEN 1504-3.**

Febtank Plug

SGAN	SIZE	COLOUR	QTY	BARCODE
486603	5 kg	GREY	1	5029347607814

Febtank Plug is an ultra-rapid setting, durable plugging compound designed to stop active water leaks in concrete and masonry.

Once applied, the material expands as it cures to form a permanent watertight seal with similar characteristics to concrete. Suitable for use with Febtank Super.

THE WATERTIGHT SOLUTION ENGINEERED FOR BASEMENTS

Our ground-breaking **Sika® Watertight Concrete System** is specifically designed for water resistance underground. Made in Britain by the original innovators of watertight concrete to keep water in its place. Available now in powdered (hydrophobic or crystalline) and bulk liquid (hydrophobic).

- Keeps water out – and in for swimming pools
- Industry leading design and technical support for complex projects
- Includes complementary jointing products for a complete watertight seal
- Incorporates the latest concrete admixture technology
- No.1 in the UK – all formulas are BBA certified, backed with 15-year Sika® Guarantee

BUILDING TRUST

SikaMix Mortar Plasticiser

SGAN	SIZE	COLOUR	QTY	BARCODE
445021	5 L	-	4	5055492700483
445917	25 L	-	1	5055492700544

SikaMix Mortar Plasticiser is a chloride-free, air-entraining admixture designed to improve workability, durability, and cohesion in mortars, renders and screeds. It produces smoother, creamier mixes, reduces shrinkage and efflorescence.

SikaMix 3 in 1

SGAN	SIZE	COLOUR	QTY	BARCODE
880786	5 L	YELLOW	4	5055047200529

SikaMix 3 in 1 is a professional-grade admixture that combines water resistance, plasticising, and retarding in one convenient product. Perfect for exterior renders and screeds, it improves workability, reduces water bleed, and enhances durability.

SikaMix Powdered Mortar Plasticiser

SGAN	SIZE	COLOUR	QTY	BARCODE
165860	250 sachets	-	1	5055047209041

SikaMix® Powdered Mortar Plasticiser (PMP) is a pre-measured air entraining admixture which complies to EN 934-3 and replaces or complements the use of lime in sand and cement bricklaying and rendering.

SikaMix

Frostproof and Plasticiser

SGAN	SIZE	COLOUR	QTY	BARCODE
877562	5 L	AMBER	4	5055047200864

A chloride free admixture for concrete that is suitable for use with steel reinforcement. Sikamix® Frostproof and Plasticiser allows mortars and concretes to be used in sub-zero temperatures, eliminating the need for a separate frostproof.

Sika® Release Oil

SGAN	SIZE	COLOUR	QTY	BARCODE
513849	5 L	CLEAR	4	5055047200604

A ready to use, formwork release agent that is suitable for mould and shuttering. Sika® Release Oil is suitable for use prior to casting concrete in order to achieve a clean release after removal of formwork.

Sika MaxMix®

Powder Mortar Tone

SGAN	SIZE	COLOUR	QTY	BARCODE
878064	1kg	BLACK	6	5029347002817
878131	1kg	BROWN	6	5029347002831
878077	1kg	BUFF	6	5029347002855
878076	1kg	RED	6	5029347002824

Sika MaxMix Power Mortar Tone is formulated from best quality oxide pigments for colouring all types of mortars. The pigments disperse easily into the mix to give a uniform shade for each mix batch, shading can be adjusted to provide a wider variety of colour depths. **Tested to EN12878.**

Sika® MaxMix® Concentrated Integral Waterproofer

SGAN	SIZE	COLOUR	QTY	BARCODE
881475	1 L	YELLOW	6	7612894695649

A highly concentrated waterproofing and air entraining admixture for sand and cement mortars, renders and screeds. Sika® MaxMix® Concentrated Integral Waterproofer improves the workability of mortar/render and helps prevent shrinkage, cracking, crazing and mild frost damage.

Sika® MaxMix® Concentrated Frostproofer and Hardener

SGAN	SIZE	COLOUR	QTY	BARCODE
881347	1 L	STRAW	6	7612894695724

A highly concentrated air entraining admixture which is designed specifically for cold weather by eliminating the requirement for a second frostproofing admix. Sika® MaxMix® Concentrated Frostproofer and Accelerator reduces the setting time of sand and cement based mortars, renders, screeds etc.

Sika® MaxMix® Concentrated Mortar Tone

SGAN	SIZE	COLOUR	QTY	BARCODE
170406	1 L	BLACK	6	7612894695823
170408	1 L	BROWN	6	7612894695861
170410	1 L	RED	6	7612894695908
170412	1 L	YELLOW	6	7612894695946

A concentrated, one-shot cement colourant that provides a uniform shade of colour to cement mortars, renders, concrete and pointing.

Sika® MaxMix® Concentrated Mortar Plasticiser

SGAN	SIZE	COLOUR	QTY	BARCODE
880826	1 L	BROWN	6	7612894694888

A highly-concentrated, air entraining liquid plasticising admixture that is twenty five times the strength of conventional products. Forms extremely stable air bubbles in mortar mixes that improves the consistency and workability of mortar. Sika® MaxMix® Mortar Plasticiser helps to prevent shrinkage, cracking, crazing and mild frost damage.

SikaMix Integral Waterproofer

SGAN	SIZE	COLOUR	QTY	BARCODE
877539	5 L	-	4	5029347002251

SikaMix Integral Liquid Waterproofer is a plasticising, air-entraining admixture that provides built-in protection by reducing permeability and surface absorption. Suitable for pool and tank linings, roof areas, external renders, pointing, and below-ground structures, it improves durability, enhances workability, and ensures easier application. **Tested to EN934-3 (2009)+A1(2012).**

SikaMix Frostproofer and Hardener

SGAN	SIZE	COLOUR	QTY	BARCODE
878091	5 L	-	4	5029347002350

SikaMix Frostproofer and Hardener is a chloride-free accelerator that shortens setting times and protects mixes down to -8 °C. Its non-corrosive formula is safe for use with brick ties and reinforcement, making it an ideal choice for mortars, screeds, renders, concrete and emergency plugging repairs. **Tested to EN934-2 (2009)+A1(2012).**

HEAVY DUTY WONDER WIPES

Textured for tough jobs

Sikafloor®-122 Level

Universal Self Levelling Compound

SGAN	SIZE	COLOUR	QTY	BARCODE
813560	20 kg	GREY	1	7612655050076

A one-part, multi-purpose, cement based self-leveller for smoothing and levelling uneven internal rigid floors prior to applying a final wearing covering. Suitable for underfloor heating applications beneath heating systems. This product is highly fluid and easy to apply.

**Sikafloor®-125 Level**

Flex Self Levelling Compound

SGAN	SIZE	COLOUR	QTY	BARCODE
825002	20 kg	GREY	1	7612655082343

A one-part, latex modified smoothing and levelling compound with added polymer powder for improved flexibility and resilience. This product is suitable for smoothing and levelling rigid internal floors prior to applying final wearing coverings. Suitable for underfloor heating applications beneath heating systems.

Sikafloor®-131 Level

Latex Ultra Self Levelling Compound

SGAN	SIZE	COLOUR	QTY	BARCODE
619525	25 kg	GREY	1	5055047210726

A one-part, latex modified, high-strength self leveller for smoothing and levelling uneven rigid floors. Sikafloor® 131 Level Latex Ultra may be overlaid with common floor coverings or may be left as a final wearing surface. A rapid setting heavy duty product which is suitable for both internal and external floors, this product is also strong enough to withstand vehicular traffic.

Sikafloor®-132 Level

Rapid Self Levelling Compound

SGAN	SIZE	COLOUR	QTY	BARCODE
767210	16 kg	GREY	1	7612895935782

Sikafloor®-132 Level Rapid is a 1-part, cementitious, polymer-modified, fast setting, smoothing and levelling compound for uneven rigid internal floors. Ideal for applications where same day covering is required. Suitable for use with many flooring finishes such as carpets, vinyl, wood block flooring, ceramic tiles and laminate flooring.

Compatible with underfloor heating applications, beneath heating systems, with maximum surface temperature of +27 °C.

Sikafloor®-245 Level

Deep Fill Ultra Self Levelling Compound

SGAN	SIZE	COLOUR	QTY	BARCODE
612979	25 kg	GREY	1	5055492702951

A one-part, thick bed, smoothing and resurfacing compound for levelling out uneven floors and screeds down to the depth of 50mm. This product is known for it's extremely low shrinkage properties and is suitable for use on internal and external floors.

**Sikafloor-360 Level**

Fibre Self Levelling Compound

SGAN	SIZE	COLOUR	QTY	BARCODE
861772	20 kg	GREY	1	7612655156327

A fibre modified, cement based, protein free self levelling compound used for levelling uneven floors and screeds up to 60mm depth in one pour. Contains powdered polymer to eliminate the need for a separate latex liquid being added. Suitable for use on timber floors and designed for underfloor heating applications, including embedment. The free flowing mix sets in 4 hours and can be overlaid after 8 hours.

Sikafloor®-440 Level

Fibre Reinforced Self Levelling Compound

SGAN	SIZE	COLOUR	QTY	BARCODE
612787	20 kg	GREY	1	5055492702944

A one-part, fibre and polymer re-enforced, flexible, high strength heat resistant cement based levelling compound. Designed specifically for the embedment of underfloor heating elements and for use on timber floors. Sikafloor® 440 Level Fibre Reinforced can be left as a final wearing surface or may be overlaid with floor coverings.

SikaGrout®
111 GP

SGAN	SIZE	COLOUR	QTY	BARCODE
527763	25 kg	GREY	1	7612895340319

A one part, general purpose, high precision, shrinkage compensated cementitious grout. SikaGrout® 111 GP is easy to mix and apply; it is perfect for a multitude of jobs, such as filling voids, machine and base plates.

**Sikadur®-31+**

SGAN	SIZE	COLOUR	QTY	BARCODE
644950	1.2 kg	GREY	8	7612895650944
644872	6 kg	GREY	1	7612895650838

Rapid

722440	1.2 kg	GREY	8	7612895827704
662201	6 kg	GREY	1	7612895674056

Sikadur®-31+ is a two-part, low-VOC, moisture-tolerant epoxy structural adhesive which bonds to many construction materials. It is also used for structural concrete repairs, joint filling, and crack sealing. It can be used in both do-it-yourself (DIY) and professional applications.

Looking for a dry spray mortar for large volume applications?

Look no further than
Sikacrete®-101 Standard.

- Economical
- Dust reduction technology
- Class R4 according to EN 1504-3
- High build
- Rapid strength gain
- Low shrinkage

And that's not all!

Sikagard 550 W Elastic is a one component, plasto-elastic coating based on UV-curing acrylic dispersion with excellent crack-bridging properties even at temperatures below 0°C.

It has been specifically designed for the protection and enhancement of concrete structures (normal and lightweight concrete), especially exposed outdoor concrete surfaces with a risk of cracking. Sikagard 550 W Elastic is the perfect solution for overpainting render in the colour of your choice, giving an exceptional protection against UV, weather and ageing.

Colour swatches are a guide only and may vary.

UV RESISTANT

WATERPROOF

Jetcem Rapid Repair Cement

SGAN	SIZE	COLOUR	QTY	BARCODE
620460	3 kg	GREY	4	5010618043103
620438	6 kg	GREY	2	5010618044100

Ideal for rapid patching or when a fast repair job is needed. Sets in approximately 30 minutes. Sets in the cold and wet.

Jetcem Deep Rapid Repair Sand and Cement

SGAN	SIZE	COLOUR	QTY	BARCODE
620326	2 kg	GREY	6	5010618047101
620439	6 kg	GREY	2	5010618048108

Strong and easy to use rapid setting repair compound. Internal and external repairs to gaps and cracks on walls, floors, steps and kerbstones. Repairs deep holes in concrete, stone and brick.

Jetcem Waterproof Rapid Repair Cement

SGAN	SIZE	COLOUR	QTY	BARCODE
620436	3 kg	-	4	5029347610166

Fast, strong and easy to use waterproof repair compound. Internal and external repairs to cracks and holes in structures subject to permanent water immersion. Ideal for patch repairs to tanking and water retaining structures including ponds. Suitable for use on concrete, stone and brick.

Jetcem Plaster Rapid Repair

SGAN	SIZE	COLOUR	QTY	BARCODE
620437	6 kg	OFF WHITE	2	5029347610173

Fast, strong and easy to use repair compound for patching plaster. Internal repairs for plasterboard, brick wood and stone. With added PVA powder to increase strength and reduce cracking and shrinkage.

Febset 45 Rapid

High Strength Repair Mortar

SGAN	SIZE	COLOUR	QTY	BARCODE
628382	25 kg	GREY	1	5029347607630

Febset 45 is a specially formulated repair mortar, based on magnesia-phosphate cement pre-mixed with selected aggregates, which gives controlled, extremely high early strengths in temperatures ranging from -20°C up to over 30°C. Trafficable after 45 minutes. High bond strength, no primers required.

Febgrout Flowable

Anchoring Grout

SGAN	SIZE	COLOUR	QTY	BARCODE
627865	25 kg	GREY	1	5055492703156

Febgrout Flowable is a structural fluid precision grout, specifically formulated to give high strength, shrinkage compensation and vibration resistance. It's suitable for grouting equipment and machinery, bearing pads, bridge bearings, rails and stanchion base plates. It can also be used to fill cavities, voids, gaps, recesses, and sealing around penetrations. Fills gaps in concrete 10mm to 150mm wide.

EpoxySet 105

Heavy Duty Epoxy Mortar Kit

SGAN	SIZE	COLOUR	QTY	BARCODE
490359	4 kg	GREY	1	5029347010515
490405	14 kg	GREY	1	5029347010522

Epoxyset 105 is a three part general purpose repair mortar based on epoxy technology. Formulated to withstand chemicals, impact and abrasion and can be used to repair concrete, screeds, stone, brick and steel in even the most demanding domestic and industrial situations. Pack includes finishing solvent and gloves.

Brick / Stone / Concrete

PRO POINT GUN KIT

Designed to apply mortar deep into joints for maximum protection and strength.

See page 112

SikaBond®
Rapid DPM

SGAN	SIZE	COLOUR	QTY	BARCODE
175129	5 L	BROWN	4	5055047210603

A solvent-free, single-part, moisture curing polyurethane primer and damp proof membrane, ideal for use on cement based substrates. SikaBond® Rapid DPM can be used for priming, consolidating and sealing in various applications. This product is particularly ideal to use on absorbent and non-absorbent subfloors, consolidating weak cement screeds and isolating old adhesive residue. Can be used as DPM on subfloors under hydrostatic pressure.

**Sika® Primer**
MB

SGAN	SIZE	COLOUR	QTY	BARCODE
498982	5 kg	BLUE	1	7612894379990

A low viscosity, solvent-free, two-component epoxy resin based primer and moisture barrier for wooden floors. Suitable for use in conjunction with SikaBond® elastic adhesives on critical substrates.

**SIKAFLOOR® SELF LEVELLING**

Check out the full range on pages 130-133

SikaBond® PVA+

SGAN	SIZE	COLOUR	QTY	BARCODE
873752	500 mL	WHITE	20	5029347005108
892408	1 L	WHITE	12	5055492700568

892664	5 L	WHITE	4	5055492700469
892693	25 L	WHITE	1	5055492700520

A medium viscosity general purpose adhesive, sealer and mortar admixture. It is easy to use, has excellent adhesion and reduces surface dusting. **SikaBond® PVA + Conforms to BS5270.**

SikaBond® Waterproof PVA Ultra

SGAN	SIZE	COLOUR	QTY	BARCODE
892721	5 L	White	4	5055047209867

A water resistant, vinyl acetate polymer, specifically formulated for exterior use as an adhesive and sealer. Suitable for brickwork, mortar render, screed and plaster. Easy to use and, unlike normal PVA, will not re-emulsify when wet.

SikaBond® Contractors PVA

SGAN	SIZE	COLOUR	QTY	BARCODE
757726	2.5 L	WHITE	6	7612895923253
754683	5 L	WHITE	4	7612895914145
873753	25 L	WHITE	1	5029347613372

A multi-purpose, economic adhesive, sealer and mortar admixture. SikaBond® Contractors PVA Adheres to most common building materials, making it ideal for priming unsound surfaces prior to plastering or painting. Also suitable for use as an adhesive, general dust sealer and cement admixture.

SikaBond® SBR

SGAN	SIZE	COLOUR	QTY	BARCODE
873668	2.5 L	WHITE	6	5029347613624
892731	5 L	WHITE	4	5055492700476
892692	25 L	WHITE	1	5055492700537
873665	1000 L	WHITE	1	7612655190826

A one-component, water-based, general purpose bonding agent and mortar admixture. As an admixture diluted with water, it produces a gauging solution for improving adhesion, workability and water resistance of mortars and cementitious mixes. Suitable for improving resistance to abrasion, chemicals and oils.

Sika® Blue Grit

Plaster Bonding Agent

SGAN	SIZE	COLOUR	QTY	BARCODE
487206	5 L	BLUE	1	5029347608910
487207	10 L	BLUE	1	5029347608880

Sika® Blue Grit is a high performance, plasterers grip coat bonding agent specifically designed to provide an improved key to smooth surfaces. Containing a fine aggregate, it provides a mechanical key to backgrounds such as plaster, concrete, painted surfaces, textured surfaces and ceramic tiles. One coat application, coloured blue to indicate coverage.

507 Rendagrip Render Bonding Agent

SGAN	SIZE	COLOUR	QTY	BARCODE
461975	10 L	RED	1	5029347612610

Rendagrip is an extra grip render bonding agent that contains a fine aggregate to provide an improved key before applying render on external surfaces e.g. concrete, lightweight blockwork, brick etc. The fine aggregates are suspended in a unique waterproof polymer to ensure easy application and an even spread of aggregate avoiding any weak spots in the key coat and preventing the aggregate particles coming loose during application.

505 Plasterers Gripcoat Plasterers Gripcoat

SGAN	SIZE	COLOUR	QTY	BARCODE
461974	10 L	BLUE	1	5029347611538

Plasterers Gripcoat is a high performance, plasterers grip coat bonding agent specifically designed to provide an improved key to smooth surfaces. Containing a fine aggregate, it provides a mechanical key to backgrounds such as plaster, concrete, painted surfaces, textured surfaces and ceramic tiles. One coat application, coloured blue to indicate coverage; now, with new improved colour.

Why Chemical Anchors?

Chemical Anchors, also often referred to as 'Resin Bonded' anchors, are being increasingly used where a critical or heavy weight loading needs fastening.

Unlike intrusive mechanical expansion anchors or plastic plugs, chemical anchors make the fixing an integral part of the substrate as the load is spread throughout the entire fixing area, removing the stress caused within the substrate when mechanical anchors or plastic plugs are "tightened" up.

This key difference is particularly relevant on lightweight substrates, and poor and friable substrates, cracked concrete, sandstone and masonry as well for fixings close to the edge.

Sika® AnchorFix-1

SGAN	SIZE	COLOUR	QTY	BARCODE
461476	300 ml	GREY	6	5055492700742

A two-component, fast curing, solvent and styrene free, polyester based chemical anchoring adhesive. Sika® AnchorFix®-1 is recommended for standard applications with low to medium loads.

How are they used?

The hole is drilled to the required diameter dependent upon the threaded bar to be used, and the loading it has to take. Full tables of relevant hole diameter sizes and loading strengths can usually be found on all packs and technical data, but for example for an M8 fixing a 10mm diameter hole would normally be used in concrete.

Where are they used?

In addition to the more critical structural applications Chemical Anchors also provide a more robust fixing solution in many day to day building applications such as:

- Railings • Heavy Pipes • Gates • Sanitary Fixings • Wall Ties • Fire Surrounds • Lamps
- Steel Structures • Kitchen Wall Cupboards
- Towel Holders

Anchorset Green 150 Styrene Free Anchor Fixing Resin

SGAN	SIZE	COLOUR	QTY	BARCODE
490165	150 ml	GREY	12	5029347606503

Anchorset Green 150 is a styrene free anchor fixing resin packed using a twin bag system for application with a standard sealant gun. Applied in one single action, this general purpose resin will produce a strong, chemical resistant fixing. Ideal for a multitude of uses including fixing railings, satellite dishes, brackets etc. which require heavy loads.

Anchorset Green 300 Styrene Free Anchor Fixing Resin

SGAN	SIZE	COLOUR	QTY	BARCODE
482457	300 ml	GREY	12	5029347606046

A styrene free chemical anchor in a new easy to use twin bag system operated by a standard sealant gun, therefore easy to use by a general builder. Applied in one single action, this general purpose resin will produce a strong, chemical resistant fixing. Perfect for satellite dish mountings, gate hinges, balcony rails etc. Complete with a mixer nozzle.

Anchorset Nozzle

SGAN	SIZE	COLOUR	QTY	BARCODE
489048	-	-	25	NO BARCODE

Nozzle No. 4 - Standard mixer nozzle, 215 mm length for use with Anchorset 150 and 300.

Sikadur® 33 Structural Epoxy Adhesive

SGAN	SIZE	COLOUR	QTY	BARCODE
498629	250 ml	GREY	12	7612894403688

A two-component, solvent-free, cold cure, thixotropic epoxy resin, structural adhesive. Sikadur® 33 is supplied in a cartridge with an in-line mixer nozzle.

101 Multi Purpose

Linseed Oil Putty

SGAN	SIZE	COLOUR	QTY	BARCODE
480210	1 kg	NATURAL	12	5029347001117
480211	2 kg	NATURAL	6	5029347001124

101 Multi-Purpose Linseed Oil Putty is specially formulated using only the best grade linseed oil, for glazing single glass into metal, softwood and hardwood window frames.

**102 Premium**

Butyl Glazing Compound

SGAN	SIZE	COLOUR	QTY	BARCODE
489029	2 kg	BROWN	6	5029347001223

102 Butyl Glazing Compound is specially formulated for glazing double glazed units into timber window frames where a timber bead is to be used. Suitable for both soft and hardwood frames.

**103 Premium**

Trowel Mastic

SGAN	SIZE	COLOUR	QTY	BARCODE
488964	3 kg	STONE	4	5029347600525
488966	6 kg	STONE	2	5029347606794

103 Trowel Mastic is a premium oil based mastic for perimeter pointing around wood and metal window and door frames.

Surveyline Marking Paint

SGAN	SIZE	COLOUR	QTY	BARCODE
490207	700 ml	BLUE	12	5029347601560
490213	700 ml	RED	12	5029347601577

Aquaseal Wet Room System Kit

SGAN	SIZE	COLOUR	QTY	BARCODE
487861	LARGE	-	1	5029347611149
487891	STD	-	1	5029347611262

The Aquaseal Wet Room System Kit gives you everything you need to waterproof both walls and floors prior to tiling showers, wet rooms, wet zones and other areas susceptible to water and excessive moisture. Ideal for use on Plasterboard, Plaster, MDF, Plywood, Cementitious Boards, Block work, Concrete and Specialist Wet Room Boards.

The Aquaseal Tanking Kit is available in two sizes; Standard – everything you need to waterproof 4.5m² and Large – everything you need to waterproof 7.5m².

Both kits come complete with:

- Waterproof Tanking Primer (1 L)
- Waterproof Tanking Membrane (3LTR – Standard, 5 L – Large)
- Waterproof Tanking Tape (10 m)
- Waterproof Tanking Drain Mat
- Aquaseal Wet Room System instruction leaflet

**SIMPLE AND EASY TO APPLY
3 PART SYSTEM**

**COMES COMPLETE WITH ROLLER,
BRUSH AND DRAIN MAT.**

**SUITABLE FOR USE WITH
UNDERFLOOR HEATING**

Aquaseal

Waterproof Tanking Membrane

SGAN	SIZE	COLOUR	QTY	BARCODE
487333	5 L	BLUE	1	5029347611163

Aquaseal Waterproof Tanking Membrane is the ideal product for use when waterproofing before tiling. It forms a permanently flexible watertight membrane, is non hazardous and solvent free. Aquaseal Tanking Membrane is easy to apply by brush, is quick drying and can be tiled after 12 hours.

1

Tanking Primer

Apply primer to surfaces that are to be waterproofed.

2

Tanking Tape and Mat

Apply self-adhesive tape across all joints, corners and pipe penetrations.

Next, apply the self-adhesive drain mat around the drain outlet.

3

Tanking Membrane

The ready-to-use membrane is applied by brush in a 2 coat system at right angles to each other.

Aquaseal

Wet Room System Tape

SGAN	SIZE	COLOUR	QTY	BARCODE
683645	10 m	-	1	5055492703927

Aquaseal Waterproof Tanking Tape is a self adhesive joint and corner tape ideal for use when waterproofing showers, wet rooms and wet zones in bathrooms before tiling. A permanently flexible butyl backed fleece with cross directional stability, Waterproof Tanking Tape can be used on all board joints, corners and pipe entries. Can be tiled directly or overcoated with Aquaseal Waterproof Tanking Membrane for full wet zones and is easy to apply with a pre-cut release liner.

SikaCeram®-140 Rapid Set

SGAN	SIZE	COLOUR	QTY	BARCODE
674162	20 kg	GREY	1	5055492703712

SikaCeram®-140 Rapid Set is a water-resistant tile adhesive, suitable for bonding ceramic and mosaic tiles to floor or walls in both thick and thin bed applications.

Classification C1 FT

SikaCeram®-240 Flexible Rapid Set

SGAN	SIZE	COLOUR	QTY	BARCODE
677239	20 kg	GREY	1	5055492703729

SikaCeram®-240 Flexible Rapid Set Tile Adhesive is suitable for bonding ceramic tiles to walls or floors with a thick or thin bed application, with crack resistant properties making it ideal for applications where slight surface movement is likely.

Classification C2 FE

SikaCeram®-272 Ultra Flexible Rapid Set

SGAN	SIZE	COLOUR	QTY	BARCODE
677329	20 kg	WHITE	1	5055492703736

SikaCeram®-272 Ultra Flexible is a rapid-setting, water resistant tile adhesive with superior flexibility, and is ideal for tiling heavy duty areas including heavily walked floors or areas under constant immersion.

Classification C2 FTE S1

SikaCeram®-277 Flexible Standard Set

SGAN	SIZE	COLOUR	QTY	BARCODE
677506	20 kg	WHITE	1	5055492703743
677508	20 kg	GREY	1	5055492703750

SikaCeram®-277 Flexible Standard Set is a thin bed adhesive with a long working pot-life and extended open time for applications where extensive cutting is required during application.

Classification C2 TE S1

SikaCeram®-282 Fibre Reinforced

SGAN	SIZE	COLOUR	QTY	BARCODE
678298	20 kg	GREY	1	5055492703767

SikaCeram®-282 Fibre Reinforced is a highly flexible, lightweight, fibre reinforced tile adhesive for applications where movement is expected.

Classification C2 TE S2

701 Non Slip Showerproof Ready Mixed Tile Adhesive

SGAN	SIZE	COLOUR	QTY	BARCODE
487066	3.75 kg	OFF WHITE	1	5029347070120
487067	7.5 kg	OFF WHITE	1	5029347070137
487068	14 kg	OFF WHITE	1	5029347070144

Acrylic Non Slip Tile Adhesive is an acrylic based formula for extra slip resistance and grab. Designed for general use in bathroom and kitchen areas. May be used in domestic showers when used in conjunction with Everbuild Powdered Wall Tile Grout. Tested to EN 12004 type D1T.

702 Water Resistant Ready Mixed Tile Adhesive

SGAN	SIZE	COLOUR	QTY	BARCODE
487071	7.5 kg	OFF WHITE	1	5029347070250
487072	16 kg	OFF WHITE	1	5029347070205

Water Resistant Tile Adhesive is a premium grade adhesive that can be used in areas subject to prolonged/permanent wet conditions and in areas of high humidity and condensation. Tested to EN 12004 type D2T.

703 Fix And Grout Ready Mixed Tile Adhesive and Grout

Parex TV10 Reinforcement Mesh

SGAN	SIZE	PALLET QTY
633203	1 m x 50 m ROLL	33

A glass fibre mesh fabric combined with specially designed surface treatments that can be used in a wide range of Parex cement and lime render applications. For ease of identification the TV10 mesh is coloured green and has the Parex logo throughout the mesh.

Parex Fixopierre

SGAN	SIZE	PALLET QTY
633436	5 L	90
633435	20 L	28

A water vapour-permeable and microporous substrate porosity regulator and key coat admixture, particularly suitable for lime or earth-based substrates where high breathability of the substrate is required or where a high absorption substrate is expected.

FIXOPIERRE improves the adhesion of façade renders by reducing the risk of the product drying out before hardening.

Parex Render Bead Adhesive

SGAN	SIZE	COLOUR	BOX QTY
651522	350 ml	WHITE	12

A new ready-to-use, high-strength render bead adhesive. The bead adhesive has been designed for ease of application, fast drying and is capable of bonding to a wide range of substrates.

Parex Monacel Plus

SGAN	SIZE	PALLET QTY
669718	20 L	24

Monacel Plus is an admixture used to reduce the initial setting time of one-coat renders.

Parex Micro Gobetis 3000

SGAN	SIZE	PALLET QTY
633272	20 L	27

A pink coloured liquid with a high granular consistency for ease of application recognition, and to provide excellent bonding characteristics. Micro Gobetis 3000 is designed to control suction to high absorption or low porosity substrates and improves the adhesion for one coat render systems.

Parex Paraguard

SGAN	SIZE	PALLET QTY
630036	5 L	48
630037	25 L	24

A water-based coating, which provides a weatherproof, lotus leaf effect, water resistant surface to a range of render, paving, masonry and timber substrates.

1. INTERPRETATION

In these Terms and Conditions, the following expressions will have the following meanings unless inconsistent with the context:

"Bespoke Goods" means any Goods which are made to measure, bespoke, or otherwise manufactured to a unique specification.

"Brexit" means the United Kingdom ceasing to be a member state of the European Union.

"Buyer" the person(s), firm or company whose order for the Goods or Services is accepted by the Company in accordance with these Terms and Conditions.

"Company" Sika Limited (Company number:226822) whose registered office is located at Watchmead, Welwyn Garden City, Herts, AL7 1BQ.

"Confidential Information" means all information in respect of the business of the Company including, but not limited to, know-how, prices or other matters connected with the Goods or Services (which shall include any instructions or procedures, instruction manuals, user guides and other information which is supplied by the Company with the Goods or Services) and any other information of whatever nature which, if disclosed, will be liable to cause harm to the Company.

"Contract" any contract between the Company and the Buyer for the sale and purchase of the Goods or Services formed in accordance with Condition 2.

"Delivery Point" the place where delivery of the Goods is agreed to take place, as set out in the Company's written acknowledgement of order.

"Final Inspection Certificate" A Certificate issued for the benefit of a third party at the completion of the Services.

"Goods" any goods which the Company supplies to the Buyer (including any of them or any part of them) under a Contract.

"Guarantee" a guarantee or Final Inspection Certificate for or related to the Goods in a form to be provided by the Company in favour of a third party nominated by the Buyer.

"Guarantee Period" the on-going period of protection provided to a third party as set out in a Guarantee.

"Intellectual Property Rights" all intellectual and industrial property rights including patents, know-how, registered trade marks, registered designs, utility models, applications for and rights to apply for any of the foregoing, unregistered design rights, unregistered trade marks, rights to prevent passing off for unfair competition and copyright, database rights, topography rights and any other rights in any invention, discovery or process, in each case in the United Kingdom and all other countries in the world and together with all renewals and extensions

"Services" any services which the Company performs for the Buyer under a Contract, which are ancillary to the supply of Goods.

"Service Point" the place at which the

Services are to be performed, as set out in the Company's written acknowledgement of order.

"Specific Delivery Requirement" any goods, which are required to be delivered by a type of vehicle specified by the Buyer.

"Terms and Conditions" the standard terms and conditions of sale set out in this document together with any special terms agreed in writing between the Buyer and the Company. "Trademark" the SARNAFIL trademark registered in the United Kingdom under trademark number 1046240.

"Working Day" any day other than Saturday or Sunday or a public or bank holiday in England.

2. FORMATION AND INCORPORATION

2.1 Subject to any variation under Condition 14.5, the Contract will be upon these Terms and Conditions, to the exclusion of all other terms and conditions and all previous oral or written representations including any terms or conditions which the Buyer purports to apply under any purchase order, confirmation of order or similar document, whether or not such document is referred to in the Contract.

2.2 Each order or acceptance of a quotation for Goods or Services will be deemed to be an offer by the Buyer to purchase Goods or Services upon these Terms and Conditions. The Contract is formed when the Buyer receives confirmation that the order is accepted by the Company. Such confirmation may either be given orally or in writing. No contract will come into existence until such confirmation has been given by the Company.

2.3 The Buyer must ensure that the terms of its order and any applicable specification are complete and accurate.

2.4 Acceptance of delivery of the Goods or commencement of the performance of the Services will be deemed conclusive evidence of the Buyer's acceptance of these Terms and Conditions.

2.5 Subject to Condition 6.5, the Buyer may not cancel the Contract. The Company may cancel the Contract at any time prior to delivery of the Goods or commencement of the performance of the Services.

3. DESCRIPTION OF THE GOODS AND SERVICES

3.1. The description of the Goods will be as set out in the Company's price list. All samples, drawings, descriptive matter, specifications and advertising issued by the Company and any descriptions or illustrations contained in the Company's catalogues or brochures are issued or published for the sole purpose of giving an approximate idea of the Goods represented by or described in them. They will not form part of the Contract and this is not a sale by sample.

3.2. The Company may make any change to the specification, design, materials or finishes of the Goods which are:

3.2.1. required to conform with any applicable safety, statutory or regulatory requirement;

or

3.2.2. do not materially affect their quality or performance.

3.3. The Company will only perform Services which are ancillary to, or relating to, Goods provided under a Contract.

3.4. The Services will only be performed by the Company at the Service Point.

3.5. The Company shall use all reasonable endeavours to perform the Services:

3.5.1. to the standard required for the issue of a Final Inspection Certificate;

3.5.2. promptly, but time shall not be the essence for the performance of the Services.

3.6. The Company shall have the right to make any changes to the Services which are necessary to comply with applicable safety, statutory or regulatory requirements, or which do not materially affect the nature or quality of the Services, and the Company shall notify the Buyer in any such event.

4. PRICE AND PAYMENT

4.1. The price for the Goods or Services will be the price set out in the Company's published price list current at the date of delivery of Goods or performance of Services or as otherwise notified by the Company to the Buyer prior to the Contract being made. Orders for Goods valued below £2000 (before VAT) are exclusive of any costs of packaging and carriage, VAT and any other applicable sales tax or duty which will be added to the sum in question. Orders for Goods valued greater than £2000 (before VAT) and which are to be dispatched from the Company's warehouse within the United Kingdom are inclusive of any costs of packaging and carriage within the United Kingdom but exclusive of VAT and any other applicable sales tax or duty will be added to the sum in question.

4.2. The Company may invoice the Buyer for the Goods on or at any time after dispatch, or for the Services on or at any time after performance commences and payment is due in pounds sterling by the last day of the next calendar month following the date of invoice, or upon termination of the Contract, whichever occurs first.

4.3. Time for payment will be of the essence. No payment will be deemed to have been received until the Company has received cleared funds.

4.4. All payments to be made by the Buyer under the Contract will be made in full without any set-off, restriction or condition and without any deduction for or on account of any counterclaim.

4.5. If any sum payable under the Contract is not paid when due then, without prejudice to the Company's other rights under the Contract: that sum will bear interest from the due date until payment is made in full, both before and after any judgment, at a combined rate of the Bank of England base rate from time to time and the rate provided by the Late Payment of Commercial Debts (Interest) Act 1998 as amended from time to time; and the Company will be entitled to suspend

deliveries of the Goods or performance of the Services until the outstanding amount has been received.

4.6. The Company reserves the right to recoup any sum, resulting from costs incurred from legal proceedings to recover the sum payable under the Contract.

4.7. Any invoice queries must be communicated to the Company within 10 (ten) Working Days of receipt of the invoice by the Buyer.

5. INSTALMENTS

5.1. The Company may deliver the Goods, or perform Services, by separate instalments. Each instalment will be a separate Contract and no cancellation or termination of any one Contract relating to an instalment will entitle the Buyer to repudiate or cancel any other Contract or instalment unless otherwise notified by the Company. Each separate instalment will be invoiced and paid for in accordance with the provisions of the Contract.

6. DELIVERY OF GOODS

6.1. Delivery of the Goods within the UK mainland will be CPT Delivery Point INCOTERMS 2010 (save that carriage may be charged to the Buyer in accordance with Condition 6.4 and/or Condition 6.5).

6.2. Delivery of the Goods to Northern Ireland, the Scottish Isles, the Channel Islands or the Isle of Man will be made FOB Delivery Point INCOTERMS 2010.

6.3. Delivery of the Goods outside the UK will be made FAS Delivery Point INCOTERMS 2010, except that risk shall pass to the Buyer at the time that the Goods leave the Company's premises.

6.4. Delivery of the Goods will be accepted at any time of day. At the sole discretion of the Company, overnight deliveries or deliveries at specified times may be agreed in certain circumstances. Notwithstanding condition 6.1, such deliveries shall be subject to an additional charge being raised by the Company. If the Buyer fails to take delivery, or provide any necessary documents, the Goods will be deemed to have been delivered and the Company, without prejudice to its other rights, may at its option:

6.4.1. store or arrange for storage of the Goods until actual delivery or sale and charge the Buyer for all related costs and expenses (including, without limitation, storage and insurance); and/or

6.4.2. following written notice to the Buyer, sell any of the Goods at the best price reasonably obtainable in the circumstances and charge the Buyer for any shortfall below the price under the Contract.

Excessive waiting times may also be charged to the Buyer in certain circumstances.

6.5. The Company will use reasonable endeavours to deliver Goods 5 (five) Working Days after the date on which the order is confirmed by the Company, but the time of delivery will not be of the essence of a Contract. Notwithstanding condition 6.1,

carriage will be charged on deliveries required within 5 (five) Working Days, or deliveries with specific time or vehicle type stipulations. If, despite those endeavours, the Company is unable for any reason to fulfil any delivery of Goods on a specified date, the Company will be deemed not to be in breach of the Contract, nor (for the avoidance of doubt) will the Company have any liability to the Buyer for direct, indirect or consequential loss (all three of which terms includes, without limitation, pure economic loss, loss of profits, loss of business, depletion of goodwill and like loss) howsoever caused (including as a result of negligence) by any delay or failure in delivery of Goods except as set out in this condition. Any delay in delivery of Goods will not entitle the Buyer to cancel the order unless and until the Buyer has given 10 (ten) Working Days' written notice to the Company requiring the delivery of the Goods and the Company has not fulfilled the delivery of the Goods within that period. If the Buyer cancels the order in accordance with this Condition 6.5 then, save as excluded under Condition 6.6:

6.5.1. the Company will refund to the Buyer any sums which the Buyer has paid to the Company in respect of the Goods which have been cancelled;

6.5.2. and the Buyer will be under no liability to make any further payments under Condition 4 in respect of the Goods that have been cancelled.

6.6. Notwithstanding, the provisions of Condition 6.5, the Company will be under no obligation to:

6.6.1. to refund the Buyer any sums which the Buyer has paid to the Company in respect of the Bespoke Goods which have been cancelled under Condition 6.5; and

6.6.2. waive any outstanding further payments due by the Buyer in respect of Bespoke Goods which have been cancelled under Condition 6.5.

6.7. The Buyer will provide at its expense at the Delivery Point adequate and appropriate equipment and manual labour for off-loading the Goods.

6.8. A £10.00 handling charge will be made in addition to the carriage charge for overnight dispatch of Goods. This service is offered as resources allow and is subject to available transport.

6.9. The type of vehicle used to deliver Goods and the method of packaging of the Goods for delivery will be at the discretion of the Company.

6.10. Any change required by the Buyer to the delivery vehicle and/or the method of packaging the Goods for delivery selected by the Company will constitute a Specific Delivery Requirement. The Buyer will incur any additional costs for a Specific Delivery Requirement.

6.11 The Buyer will provide a full and correct address, including postcode, for the delivery of the Goods.

7. RISK/TITLE IN THE GOODS

7.1. Risk of damage to or loss of the Goods

will pass to the Buyer in accordance with Condition 6.

7.2. Ownership of the Goods will not pass to the Buyer until the Company has received in full (in cash or cleared funds) all sums due to it in respect of:

7.2.1. the Goods; and

7.2.2. all other sums which are, or which become due to the Company from the Buyer on any account, whether for Goods or Services.

7.3. Until ownership of the Goods has passed to the Buyer, the Buyer must:

7.3.1. hold the Goods on a fiduciary basis as the Company's bailee;

7.3.2. store the Goods (at no cost to the Company) separately from all other Goods of the Buyer or any third party in such a way that they remain readily identifiable as the Company's property;

7.3.3. not destroy, deface or obscure any identifying mark or packaging on or relating to the Goods; and

7.3.4. maintain the Goods in satisfactory condition insured on the Company's behalf for their full price against all risks to the reasonable satisfaction of the Company, and will whenever requested by the Company produce a copy of the policy of insurance.

7.4. The Buyer may resell the Goods before ownership has passed to it solely on the following conditions:

7.4.1. any sale will be effected in the ordinary course of the Buyer's business at full market value and the Buyer will account to the Company accordingly; and

7.4.2. any such sale will be a sale of the Company's property on the Buyer's own behalf and the Buyer will deal as principal when making such a sale.

7.5. The Buyer's right to possession of the Goods will terminate immediately if any of the circumstances set out in Condition 11.1 occur.

7.6. The Company will be entitled to recover payment for the Goods notwithstanding that title in any of the Goods has not passed from the Company.

7.7. The Buyer grants the Company, its agents and employees an irrevocable license at any time to enter any premises where the Goods are or may be stored in order to inspect them, or where the Buyer's right to possession has terminated, to recover them.

7.8. Where the Company is unable to determine whether any Goods are the goods in respect of which the Buyer's right to possession has terminated, the Buyer will be deemed to have sold all goods of the kind sold by the Company to the Buyer in the order in which they were invoiced to the Buyer.

7.9. On termination of the Contract, howsoever caused, the Company's (but not the Buyer's) rights contained in this Condition 7 will remain in effect.

8. LIABILITY OF COMPANY

8.1. The Company will, free of charge, within a period of 12 months from the date of delivery of Goods, or where a Guarantee has been issued, for the Guarantee Period, which are proved to the reasonable satisfaction of the Company to be missing, damaged or defective due to defects in material or design (other than a design made, furnished or specified by the Buyer), repair, or at its option provide or replace, such Goods. This obligation will not apply where:

8.1.1. the Goods have been improperly altered in any way whatsoever, or have been subject to misuse or unauthorised repair;

8.1.2. the Goods have been improperly installed or connected;

8.1.3. any maintenance requirements relating to the Goods have not been complied with;

8.1.4. the Buyer has failed to notify the Company of any defect(s) or missing item(s) from the order acknowledgement within 48 hours of delivery where the defect(s) or missing item(s) should be apparent on reasonable inspection, or within 48 hours of the same coming to the knowledge of the Buyer where the defect(s) or missing item(s) is not that which should be apparent on reasonable inspection, and in any event no later than 12 months from the date of delivery;

8.1.5. where a guarantee has been issued, and has been breached by the third party beneficiary of the Guarantee within the Guarantee Period.

8.2. Any Goods which have been replaced by the Company will belong to the Company. Any repaired or replacement Goods will be liable to repair or replacement under the terms specified in Condition 8.1 for the unexpired portion of the 12 month period from the original date of delivery of the replaced Goods or where a Guarantee has been issued, for the Guarantee Period.

8.3. In the event of any breach of the Company's express obligations under Conditions 6.5, 8.1 and 8.2 above the remedies of the Buyer will be limited to damages.

8.4. The Company does not exclude its liability (if any) to the Buyer:

8.4.1. for breach of the Company's obligations arising under section 12 Sale of Goods Act 1979 or section 2 Supply of Goods and Services Act 1982;

8.4.2. for personal injury or death resulting from the Company's negligence; 8.4.3. under section 2(3) Consumer Protection Act 1987;

8.4.4. for any matter which it would be illegal for the Company to exclude (or to attempt to exclude) its liability; or

8.4.5. for fraud.

8.5. Except as provided in Conditions 6.5 and 8.1 to 8.4, the Company's liability to the Buyer (whether in contract, tort (including negligence), breach of statutory duty, restitution or otherwise) for any injury, death, damage or direct, indirect or consequential

loss (all three of which terms include, without limitation, pure economic loss, loss of profits, loss of business, depletion of goodwill and like loss) howsoever caused arising out of or in connection with:

8.5.1. any of the Goods, or the manufacture or sale or supply, or failure or delay in supply, of the Goods by the Company or on the part of the Company's employees, agents or sub-contractors;

8.5.2. any of the Services, or their performance, or failure or delay in performance, of the Services by the Company or on the part of the Company's employees, agents or sub-contractors;

8.5.3. any breach by the Company of any of the express or implied terms of the Contract;

8.5.4. any use made or resale by the Buyer of any of the Goods, or of any product incorporating any of the Goods;

8.5.5. any use made by the Buyer of any of the Services, or of any product incorporating any of the Services; or

8.5.6. any statement made or not made, or advice given or not given, by or on behalf of the Company or otherwise under the Contract, shall be limited to the invoiced value of the Goods.

8.6. Except as set out in Conditions 6.5 and 8.1 to 8.5, the Company hereby excludes to the fullest extent permissible in law, all conditions, warranties and stipulations, express (other than those set out in the Contract) or implied, statutory, customary or otherwise which, but for such exclusion, would or might subsist in favour of the Buyer.

8.7. Each of the Company's employees, agents and sub-contractors may rely upon and enforce the exclusions and restrictions of liability in Conditions 6.5 and 8.3 to 8.6 in that person's own name and for that person's own benefit, as if the words "its employees, agents and sub-contractors" followed the word Company wherever it appears in those conditions save each reference in Condition 8.5.1.

8.8. The Buyer agrees to indemnify, keep indemnified and hold harmless the Company from and against all costs (including the costs of enforcement), expenses, liabilities (including any tax liability), injuries, direct, indirect or consequential loss (all three of which terms include, without limitation, pure economic loss, loss of profits, loss of business, depletion of goodwill and like loss), damages, claims, demands, proceedings or legal costs (on a full indemnity basis) and judgments which the Company incurs or suffers as a consequence of a direct or indirect breach or negligent performance or failure or the Contract which is not capable of remedy, delay in performance by the Buyer of the terms of the Contract. Where a Guarantee has been issued, such indemnity shall continue until the end of the Guarantee Period.

9. GUARANTEE

9.1 Where the Company provides a Warranty additional to the guarantee in Condition 8 hereof, the Buyer may request that the Warranty be provided in favour of an interested third party nominated by the Buyer.

9.2 The Warranty shall be on such terms and in such form as the Company considers appropriate.

9.3 The Warranty shall only be provided when all payments due from the Buyer have been received and if in association with a Final Inspection Certificate, when the Company has been given all reasonable opportunity to carry out a technical audit.

9.4 The Buyer acknowledges that in the event of a claim being brought against the Company under, and in accordance with the terms of a Warranty, which is solely or partially due to the installation of the Goods not having been carried out in accordance with the Company's recommendations or with the skill and care expected of an experienced contractor, the Buyer shall indemnify the Company and shall:

9.4.1 recognise the continuing obligations of the Company and the Buyer to remedy defects in the Goods for the Guarantee Period; and

9.4.2 not seek to rely on and, if and to the extent necessary, expressly waive any entitlement to rely on the provisions of the Limitation Act 1980 in defence of such claim.

10. FORCE MAJEURE

The Company will not be in breach of the Contract and / or liable to the Buyer for any failure or delay, or for the consequences of any failure or delay, in performance of the Contract if such failure or delay is due to any event or circumstance beyond the reasonable control of the Company including, without limitation, any act of God, disease, epidemic, pandemic, war, industrial dispute, protest, fire, tempest, explosion, act of terrorism, and national emergency, and the Company will be entitled to a reasonable extension of time for performing its obligations in such event or circumstance.

11. TERMINATION

11.1. The Company may by written notice terminate the Contract immediately if the Buyer:

11.1.1. is in material breach of any of the terms of the Contract. Failure to pay any sums due in accordance with Condition 4.2 is a material breach of the terms of the Contract which is not capable of remedy.

11.1.2. becomes bankrupt, insolvent, makes any composition with his creditors, has a receiver appointed under the Mental Health Act 1983 or dies;

11.1.3. has any distraint, execution or other process levied or enforced on any of its property;

11.1.4. ceases to trade or appears in the reasonable opinion of the Company likely or is threatening to cease trade; or

11.1.5. the equivalent of any of the above occurs to the Buyer under the jurisdiction to which the Buyer is subject.

11.2. The Company may terminate the Contract in accordance with Condition 14.14.

11.3. The termination of the Contract howsoever arising is without prejudice to the rights, duties and liability of either the Buyer or the Company accrued prior to termination. The conditions which expressly or impliedly have effect after termination will continue to be in force notwithstanding termination, which shall include but shall not be limited to, the Buyer's obligations in relation to any Guarantee.

12. INTELLECTUAL PROPERTY

12.1. No right or licence is granted to the Buyer in respect of the existing Intellectual Property Rights of the Company, except the right to use, or re-sell the Goods in the Buyer's ordinary course of business.

12.2. All Intellectual Property Rights in or arising out of or in connection with the performance of Services shall be owned by the Company.

12.3. The Buyer will not without the Company's prior consent allow the Trademark or any other trade marks of the Company or other words or marks applied to the Goods to be obliterated, obscured or omitted nor will he add any additional marks or words.

13. DISTRIBUTION

13.1. The Buyer shall not give additional or more favourable warranties than the ones given under clause 8 if it resells the Goods, and the Company shall not bear any liability whatsoever in relation thereto. Furthermore, if the Buyer intends to resell the Goods for a non-approved Sika use or outside of the United Kingdom and / or Great Britain, then the Buyer/Reseller shall do so at its own risk and the Company shall not bear any liability whatsoever with respect to such a resale. Furthermore, the Buyer/Reseller shall indemnify and hold harmless the Company against any third party claim in relation to such a resale, including without limitation, expenses, fees and damages that could be claimed against the Company.

14. GENERAL

14.1. Time for performance of all obligations of the Buyer is of the essence. Time for performance of all obligations of the Company is not of the essence.

14.2. Each right or remedy of the Company under the Contract is without prejudice to any other right or remedy of the Company whether under the Contract or not.

14.3. If any condition or part of the Contract is found by any court, tribunal, administrative body or authority of competent jurisdiction to be illegal, invalid or unenforceable then that provision will, to the extent required, be severed from the Contract and will be ineffective, without, as far as is possible, modifying any other provision or part of the Contract and this will not affect any other

provisions of the Contract which will remain in full force and effect.

14.4. No failure or delay by the Company to exercise any right, power or remedy will operate as a waiver of it, nor will any partial exercise preclude any further exercise of the same, or of any other right, power or remedy.

14.5. Save as set out in the Contract and Condition 8.1.5, these Terms and Conditions may only be varied or amended in writing and signed by a senior manager of the Company.

14.6. The Company may assign, delegate, license, hold on trust or sub-contract all or any part of its rights or obligations under the Contract.

14.7. The Contract is personal to the Buyer who may not assign, delegate, license, hold on trust or sub-contract all or any of its rights or obligations under the Contract without the Company's prior written consent.

14.8. The Contract contains all the terms which the Company and the Buyer have agreed in relation to the Goods and/or Services and supersedes any prior written or oral agreements, representations or understandings between the parties relating to such Goods and/or Services. The Buyer acknowledges that it has not relied on any statement, promise or representation made or given by or on behalf of the Company which is not set out in the Contract. Nothing in this Condition 14.8 will exclude any liability which one party would otherwise have to the other party in respect of any statements made fraudulently.

14.9. Save as set out in Condition 8.7 the parties to the Contract do not intend that any of its terms will be enforceable by virtue of the Contracts (Rights of Third Parties) Act 1999 by any person not a party to it.

14.10. Any notice in connection with the Contract will be in writing addressed to the other party at its registered office, or principal place of business and will be delivered by hand, or first class or special delivery post or Airmail. The notice will be deemed to have been duly served, if delivered by hand, when left at the proper address for service or if made by pre-paid, first class post or special delivery post, 48 hours after being posted or in the case of Airmail, 14 days after being posted.

14.11. The formation, existence, construction, performance, validity and all aspects whatsoever of the Contract or of any term of the Contract will be governed by English law. The English courts will have exclusive jurisdiction to settle any dispute which may arise out of, or in connection with the Contract.

The parties agree to submit to that jurisdiction.

14.12. Where Part II of the Housing Grants, Construction and Regeneration Act 1996 applies, either party may refer any dispute or difference arising under this Agreement to adjudication. The adjudication procedures and the agreement for the appointment of

an adjudicator shall be set out in the Model Adjudication Procedures published by the Construction Industry Council current at the date of reference. The nominating body shall be the Technology and Construction Solicitors' Association or any successor organisation.

14.13. The Buyer will keep confidential any and all Confidential Information that it may acquire. The Buyer will not use the Confidential Information for any purpose other than to perform its obligations under the Contract. The Buyer will ensure that its officers and employees comply with the provisions of this Condition 14.13. The obligations on the Buyer set out in this Condition will not apply to any information which is publicly available or becomes publicly available through no act or omission of the Buyer or if the Buyer is required to disclose by order of a court of competent jurisdiction.

14.14. Where a Brexit Trigger Event occurs (as defined below) and the Company gives notice to the Buyer of the same:

14.14.1. the Company shall not be liable to the Buyer for any failure or delay or for the consequences of any failure or delay in performance of the Contract where there is a Brexit Trigger Event (and the notice shall have effect from its date);

14.14.2. the Company may require the Buyer to negotiate in good faith an amendment to the Contract to alleviate the Brexit Trigger Event; and if no such amendment is made to the Contract within 7 days from notice given by the Company, the Company may terminate the Contract by giving Buyer not less than 21 days written notice.

14.15. For the avoidance of doubt the rights afforded by this clause 14.14 are without prejudice to the entitlement of the Company to exercise its rights pursuant to Condition 2.5, and the Company may cancel the Contract at any time prior to delivery of the Goods or commencement of the performance of the Services, for any reason.

14.16. "Brexit Trigger Event" means any of the following events occurring at any time on or after Brexit:

14.16.1. an adverse impact on the Company's ability to perform the Contract in accordance with its terms and the law (and the Company shall determine in its absolute discretion whether such an adverse impact has occurred));

14.16.2. an increase in the costs incurred by the Company performing the Contract since the price for the Goods was last agreed;
