## SIKA BEST IMPROVER AMONG TOP 100 SWISS COMPANIES SINCE 1975

In a ranking measuring growth in sales revenues among the top 100 Swiss companies since 1975, Sika has moved up from 77th to 45th position and has thus enjoyed one of the best improvements in the ranking. The assessment was conducted recently by Handelszeitung, a leading Swiss business weekly.

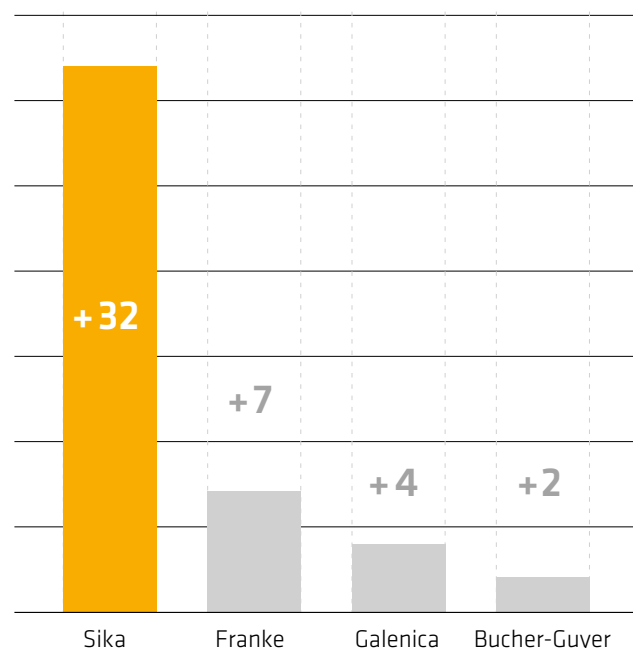

Sika gained more than 30 places in the ranking and is now one of the top 50 companies in terms of turnover. Only 29 of the companies assessed in 1975 remained in the top 100 and just 4 of those improved their ranking; the rest either merged, stopped trading, dropped out of the ranking or are new on the list.

Sika CEO Jan Jenisch comments: "The development over the last few decades proves Sika's strong corporate culture based on values that it has held since its foundation more than a hundred years ago. Since those early days, continuous innovation and expansion into new markets and new business lines have been the key drivers of this successful growth strategy.
