## SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1 Product identifier

Trade name : Sika®-1 Pre-bag Screed Mortar

#### 1.2 Relevant identified uses of the substance or mixture and uses advised against

Product use : Screed

## 1.3 Details of the supplier of the safety data sheet

| Company name of supplier | : | Sika Limited                 |
|--------------------------|---|------------------------------|
|                          |   | Watchmead Welwyn Garden City |
|                          |   | Hertfordshire. AL7 1BQ       |
| Telephone                | : | +44 (0)1707 394444           |
| Telefax                  | : | +44 (0)1707 329129           |
| E-mail address of person | : | EHS@uk.sika.com              |
| responsible for the SDS  |   |                              |

### **1.4 Emergency telephone number**

National Chemical Emergency Centre (NCEC) 24 Hour Emergency Telephone Number +44 870 190 6777

## **SECTION 2: Hazards identification**

## 2.1 Classification of the substance or mixture

#### Classification (REGULATION (EC) No 1272/2008)

Skin irritation, Category 2

H315: Causes skin irritation.

Serious eye damage, Category 1

H318: Causes serious eye damage.

#### 2.2 Label elements

#### Labelling (REGULATION (EC) No 1272/2008)

| Hazard pictograms | : | L B          |            |

## Hazardous components which must be listed on the label:

Cement (chromium reduced)

## 2.3 Other hazards

This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher.

## **SECTION 3: Composition/information on ingredients**

## 3.2 Mixtures

| Risks :                               | irritant effects                                                                                                                                                                                                                                                                                                        |
|                                       | Causes skin irritation.<br>Causes serious eye damage.                                                                                                                                                                                                                                                                   |
| 4.3 Indication of any immediate med   | dical attention and special treatment needed                                                                                                                                                                                                                                                                            |
| Treatment :                           | Treat symptomatically.                                                                                                                                                                                                                                                                                                  |

## **SECTION 5: Firefighting measures**

### 5.1 Extinguishing media

Suitable extinguishing media : Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

| Date of last issue: 13.06.2023 | Version 6.9 | Print Date 29.02.2024 |
|--------------------------------|-------------|-----------------------|
| Revision Date: 21.12.2023      |             |                       |

## 5.2 Special hazards arising from the substance or mixture

Hazardous combustion prod- : No hazardous combustion products are known ucts

## 5.3 Advice for firefighters

| Special protective equipment<br>for firefighters | : | In the event of fire, wear self-contained breathing apparatus. |
|--------------------------------------------------|---|----------------------------------------------------------------|
| Further information                              | : | Standard procedure for chemical fires.                         |

## **SECTION 6: Accidental release measures**

## 6.1 Personal precautions, protective equipment and emergency procedures

| Personal precautions          | : | Use personal protective equipment.<br>Avoid breathing dust.<br>Deny access to unprotected persons. |
|-------------------------------|---|----------------------------------------------------------------------------------------------------|
| 6.2 Environmental precautions |   |                                                                                                    |
| Environmental precautions     | : | Try to prevent the material from entering drains or water courses.                                 |

## 6.3 Methods and material for containment and cleaning up

Methods for cleaning up : Pick up and arrange disposal without creating dust. Keep in suitable, closed containers for disposal.

#### 6.4 Reference to other sections

For personal protection see section 8.

## **SECTION 7: Handling and storage**

## 7.1 Precautions for safe handling

| Advice on safe handling                         | : | <ul> <li>Avoid exceeding the given occupational exposure limits (see section 8).</li> <li>Do not get in eyes, on skin, or on clothing.</li> <li>For personal protection see section 8.</li> <li>Smoking, eating and drinking should be prohibited in the application area.</li> <li>Follow standard hygiene measures when handling chemical products</li> </ul> |
|-------------------------------------------------|---|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Advice on protection against fire and explosion | : | Avoid dust formation. Provide appropriate exhaust ventilation at places where dust is formed.                                                                                                                                                                                                                                                                   |

## 9.2 Other information

No data available

## **SECTION 10: Stability and reactivity**

## 10.1 Reactivity

No dangerous reaction known under conditions of normal use.

## 10.2 Chemical stability

The product is chemically stable.

## 10.3 Possibility of hazardous reactions

Hazardous reactions : Stable under recommended storage conditions.

#### **SECTION 13: Disposal considerations**

#### 13.1 Waste treatment methods

Product

The generation of waste should be avoided or minimized wherever possible.
Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe way.
Dispose of surplus and non-recyclable products via a licensed waste disposal contractor.
Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements.
Avoid dispersal of spilled material and runoff and contact with

## 14.7 Maritime transport in bulk according to IMO instruments

Not applicable for product as supplied.

| Date of last issue: 13.06.2023 | Version 6.9 | Print Date 29.02.2024 |
|--------------------------------|-------------|-----------------------|
| Revision Date: 21.12.2023      |             |                       |

## **SECTION 15: Regulatory information**

**15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture** Relevant EU provisions transposed through retained EU law

| UK REACH Candidate list of substances of very high concern (SVHC) for Authorisation                             | : Not applicable                  |
|-----------------------------------------------------------------------------------------------------------------|-----------------------------------|
| The Persistent Organic Pollutants Regulations (retained Regulation (EU) 2019/1021 as amended for Great Britain) | : Not applicable                  |
| International Chemical Weapons Convention (CWC)<br>Schedules of Toxic Chemicals and Precursors                  | : Not applicable                  |
| Regulation (EC) No 1005/2009 on substances that deplete the ozone layer                                         | : Not applicable                  |
| UK REACH List of substances subject to authorisation (Annex XIV)                                                | : Not applicable                  |
| Volatile organic compounds : Law on the incentive ta<br>(VOCV)<br>no VOC duties                                 | ax for volatile organic compounds |

If other regulatory information applies that is not already provided elsewhere in the Safety Data Sheet, then it is described in this subsection.

| Environmental Protection Act 1990 & Subsidiary Regulations  |
|-------------------------------------------------------------|
| Health and Safety at Work Act 1974 & Subsidiary Regulations |
| Control of Substances Hazardous to Health Regulations       |
| (COSHH)                                                     |
| May be subject to the Control of Major Accident Hazards     |
| Regulations (COMAH), and amendments.                        |
|                                                             |

#### Other regulations:

## 15.2 Chemical safety assessment

No Chemical Safety Assessment has been carried out for this mixture by the supplier.

Date of last issue: 13.06.2023 Revision Date: 21.12.2023 Version 6.9
