| Revision Date: 11.07.2023      |             |                       |

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1 Product identifier

Trade name : Sikaflex<sup>®</sup>-406 KC Booster

#### 1.2 Relevant identified uses of the substance or mixture and uses advised against

Product use : Sealant/adhesive

#### 1.3 Details of the supplier of the safety data sheet

| Company name of supplier | : | Sika Limited                 |
|--------------------------|---|------------------------------|
|                          |   | Watchmead Welwyn Garden City |
|                          |   | Hertfordshire. AL7 1BQ       |
| Telephone                | : | +44 (0)1707 394444           |
| Telefax                  | : | +44 (0)1707 329129           |
| E-mail address of person | : | EHS@uk.sika.com              |
| responsible for the SDS  |   |                              |

#### **1.4 Emergency telephone number**

National Chemical Emergency Centre (NCEC) 24 Hour Emergency Telephone Number +44 870 190 6777

### **SECTION 2: Hazards identification**

#### 2.1 Classification of the substance or mixture

#### Classification (REGULATION (EC) No 1272/2008)

Eye irritation, Category 2

H319: Causes serious eye irritation.

Skin sensitisation, Category 1

H317: May cause an allergic skin reaction.

#### 2.2 Label elements

#### Labelling (REGULATION (EC) No 1272/2008)

| Hazard pictograms | : |              |
|-------------------|---|--------------|
| Signal word       | : | Warning      |
| Hazard statements | : | H317<br>H319 |

May cause an allergic skin reaction. Causes serious eye irritation.

|   | Response:                   |   |                       |
|   | P333 + P313                 | If skin irritation or rash occurs: G advice/ attention.                           | Set medical           |
|   | P337 + P313                 | If eye irritation persists: Get med<br>attention.                                 | dical advice/         |
|   | P362 + P364                 | Take off contaminated clothing a before reuse.                                    | and wash it           |
|   | Disposal:                   |   |                       |
|   | P501                        | Dispose of contents/container in with local regulation.                           | accordance            |

#### Hazardous components which must be listed on the label:

2-methyl-2H-isothiazol-3-one (MIT)

#### 2.3 Other hazards

This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher.

Ecological information: The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.

Toxicological information: The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.

| 5.3 Advice for firefighters                                 |     |   |                       |
| Special protective equipment<br>for firefighters            | :   | In the event of fire, wear self-contained breathing   | g apparatus.          |
| Further information   | :   | Standard procedure for chemical fires.  |                       |
| SECTION 6: Accidental release                               | еı  | measures  |                       |
| 6.1 Personal precautions, protect                           | tiv | e equipment and emergency procedures  |                       |
| Personal precautions  | :   | Use personal protective equipment.<br>Deny access to unprotected persons.   |                       |
| 6.2 Environmental precautions                               |     |   |                       |
| Environmental precautions                                   | :   | Do not flush into surface water or sanitary sewer<br>If the product contaminates rivers and lakes or d<br>respective authorities.                 |                       |
| 6.3 Methods and material for con                            | tai | inment and cleaning up  |                       |
| Methods for cleaning up                                     | :   | Soak up with inert absorbent material (e.g. sand<br>acid binder, universal binder, sawdust).<br>Keep in suitable, closed containers for disposal. | , silica gel,         |
| 6.4 Reference to other sections                             |     |   |                       |

#### 6.4 Reference to other sections

For personal protection see section 8.

### **SECTION 7: Handling and storage**

### 7.1 Precautions for safe handling

| Advice on safe handling                         | : | <ul> <li>Avoid exceeding the given occupational exposure limits (see section 8).</li> <li>Do not get in eyes, on skin, or on clothing.</li> <li>For personal protection see section 8.</li> <li>Persons with a history of skin sensitisation problems or asthma, allergies, chronic or recurrent respiratory disease should not be employed in any process in which this mixture is being used.</li> <li>Smoking, eating and drinking should be prohibited in the application area.</li> <li>Follow standard hygiene measures when handling chemical products</li> </ul> |
|---|---|--|
| Advice on protection against fire and explosion | : | Normal measures for preventive fire protection.  |

\_

| Date of last issue: 28.03.2023<br>Revision Date: 11.07.2023 |      | Version 3.6   | Print Date 29.02.2024 |
|---|------|---|-----------------------|
| Hygiene measures  | :    | Handle in accordance with good industrial hygic<br>practice. When using do not eat or drink. When<br>smoke. Wash hands before breaks and at the e | using do not          |
| 7.2 Conditions for safe storage, i                          | incl | uding any incompatibilities   |                       |
| Requirements for storage areas and containers               | :    | Keep container tightly closed in a dry and well-well-well-well-well-well-well-well  | arefully re-          |
| Further information on stor-<br>age stability               | :    | No decomposition if stored and applied as direc   | ted.                  |
| 7.3 Specific end use(s)                                     |      |   |                       |
| Specific use(s)   | :    | Consult most current local Product Data Sheet use.  | prior to any          |

### **SECTION 8: Exposure controls/personal protection**

#### 8.1 Control parameters

| Components |  | CAS-No. | Value type (Form | Control parame- | Basis * |
|------------|--|---------|------------------|-----------------|---------|
|            |  |         | of exposure)     | ters *          |         |

Contains no substances with occupational exposure limit values.

#### 8.2 Exposure controls

#### **Engineering measures**

Maintain air concentrations below occupational exposure standards. Ensure adequate ventilation, especially in confined areas.

#### Personal protective equipment

| Eye/face protection      | : | Safety glasses with side-shields conforming to EN166<br>Eye wash bottle with pure water  |
|--------------------------|---|--|
| Hand protection          | : | Chemical-resistant, impervious gloves complying with an ap-<br>proved standard must be worn at all times when handling<br>chemical products. Reference number EN 374. Follow manu-<br>facturer specifications.                                     |
|                          |   | Suitable for short time use or protection against splashes:<br>Butyl rubber/nitrile rubber gloves (> 0,1 mm)<br>Contaminated gloves should be removed.<br>Suitable for permanent exposure:<br>Viton gloves (0.4 mm),<br>breakthrough time >30 min. |
| Skin and body protection | : | Protective clothing (e.g. Safety shoes acc. to EN ISO 20345, long-sleeved working clothing, long trousers). Rubber aprons and protective boots are additionaly recommended for mixing  |

| Sikallex -400 KC BOOSLE                                     | •    |   |                       |

### **SECTION 10: Stability and reactivity**

#### 10.1 Reactivity

No dangerous reaction known under conditions of normal use.

#### 10.2 Chemical stability

The product is chemically stable.

| 10.3 Possibility of hazardous reactions |   |                                       |  |  |  |
|---|---|---------------------------------------|--|--|--|
| Hazardous reactions                     | : | No hazards to be specially mentioned. |  |  |  |

#### 10.4 Conditions to avoid

| Conditions to avoid | : | No data available |
|---------------------|---|-------------------|
|---------------------|---|-------------------|

#### 10.5 Incompatible materials

| Materials to avoid | : No data available |
|--------------------|---------------------|
|--------------------|---------------------|

#### **10.6 Hazardous decomposition products**

No decomposition if stored and applied as directed.

| Date of last issue: 28.03.2023<br>Revision Date: 11.07.2023           | Version 3.6  | Print Date 29.02.20 |
