

PRODUCT DATA SHEET

Cromar® PROGRP Fibreglass Matting

Fibreglass matting for use with GRP

PRODUCT DESCRIPTION

Cromar® PROGRP Fibreglass Matting is a general purpose, emulsion bound, chopped strand mat designed to cover a wide range of applications by normal hand lay-up techniques.

The mat is soft to handle and conforms well to complicated mould shapes. This high-quality mat is suitable for use with most types of unsaturated polyester resins. Resin penetration (wet through or working time) is rapid with a fast strand wet out time.

USES

- As a component within the Cromar® Pro GRP flat roofing system.
- Used to provide reinforcement to Cromar® Pro GRP roofing system.

CHARACTERISTICS / ADVANTAGES

- Has outstanding handling and moulding properties.
- It is characterised by fast wet-out and wet-through.
- Easy air removal, which leaves a resin-rich surface.

PRODUCT INFORMATION

Packaging	Preprinted boxes		
Colour	White		
Shelf Life	24 Months		
Storage Conditions	The product must be stored in undamaged sealed packaging, in dry conditions at temperatures between +5 °C and +30 °C		
Density	450 & 600 g/m ²		
Dimensions	450 g	1 m x 15 m	
		1 m x 36 m	
		1 m x 70 m	
	600 g	1 m x 55 m	

VALUE BASE

All technical data stated in this Product Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

ECOLOGY, HEALTH AND SAFETY

This product is an article as defined in article 3 of regulation (EC) No 1907/2006 (REACH). It contains no substances which are intended to be released from the

article under normal or reasonably foreseeable conditions of use. A safety data sheet following article 31 of the same regulation is not needed to bring the product to the market, to transport or to use it. For safe use follow the instructions given in the product data sheet. Based on our current knowledge, this product does not contain SVHC (substances of very high concern) as listed in Annex XIV of the REACH regulation or on the candidate list published by the European Chemicals Agency in concentrations above 0,1 % (w/w).

APPLICATION INSTRUCTIONS

All roof work should be completed in line with current British Standard codes of practice.

LOCAL RESTRICTIONS

Please note that as a result of specific local regulations the performance of this product may vary from country to country. Please consult the local Product Data Sheet for the exact description of the application fields.

LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
