

# PRODUCT DATA SHEET

## P26 Biocide

A rapid action biocide for underfloor and central heating systems

### PRODUCT DESCRIPTION

Everbuild P26 Biocide is a high strength, rapid-attacking biocide designed for use with all central heating systems and underfloor systems. This product contains three active biocidal ingredients that rapidly act to eliminate and prevent further formation of fungal growth and bacteria in heating systems.

### USES

Cleans and protects against a wide array of bacteria and fungal growth, including;

- Algae
- Pseudomonas
- Yeast
- Mould
- Biofilm
- Legionella
- Sulphite-reducing bacteria (SRB's)

### PRODUCT INFORMATION

<b>Packaging</b>	500 ml bottle
<b>Shelf Life</b>	36 months from the date of manufacture
<b>Storage Conditions</b>	Store in tightly closed original container and keep in a dry, cool and well ventilated place. Keep away from freezing. Store at temperatures above 5 °C

### VALUE BASE

All technical data stated in this Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

### ECOLOGY, HEALTH AND SAFETY

### CHARACTERISTICS / ADVANTAGES

- Eradicates and prevents the formation of bacteria and fungal growth
- Increases heating efficiency and extends the life of boilers
- Suitable for all central heating systems
- Concentrated formula - one bottle treats 100 L/up to 12 radiators

### APPROVALS / STANDARDS

BS 7593: 2019 Part L Compliant

### APPLICATION INSTRUCTIONS

- In open-vented systems, add via the feed and expansion tank.
- In sealed systems, add via a radiator, filling loop or other point of entry, such as a towel rail.
- Ensure the system is dosed with Everbuild P30 Protector after dosing with Everbuild P26 Biocide.
- For heavily fouled systems, clean and flush the system thoroughly before dosing with Everbuild P26

Biocide.

- Use Everbuild P26 Biocide as part of a sterilisation program, replenish every 6 months.

## LOCAL RESTRICTIONS

Note that as a result of specific local regulations the declared data and recommended uses for this product may vary from country to country. Consult the local Product Data Sheet for exact product data and uses.

## LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
