Sika® PVCu Frame Cleaner is a fast acting, non smear formulation suitable for removing ingrained dirt and marks on all PVC frames, trim and cladding. May also be used on plastic garden furniture.

USES

- Cleaning all PVC window frames, trim etc and most plastic garden furniture.

PRODUCT INFORMATION

Packaging	1 L bottle
Appearance / Colour	Colourless liquid
Shelf Life	Use within 2 years
Storage Conditions	Store in cool dry conditions between +5 °C and +25 °C. Avoid heat and static discharges
Density	ca. 0.8 g/cm ³

CHARACTERISTICS / ADVANTAGES

- Fast drying
- Removes ingrained dirt.

VALUE BASE

All technical data stated in this Product Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

LIMITATIONS

- Extremely dirty surfaces may require a second application.
- Always use a separate cloth for spreading and buffing
- The quality of plastic used for garden furniture does vary dramatically. Always test a small inconspicuous area prior to use to ensure compatibility/colour fastness.

ECOLOGY, HEALTH AND SAFETY

User must read the most recent corresponding Safety Data Sheets (SDS) before using any products. The SDS provides information and advice on the safe handling, storage and disposal of chemical products and contains physical, ecological, toxicological and other safety-related data.

APPLICATION INSTRUCTIONS

APPLICATION

Always read health and safety information before applying this product.

Apply and spread with a soft cloth, working well into the surface. Leave for 15 minutes and buff with a separate dry soft cloth.

LOCAL RESTRICTIONS

User must read the most recent corresponding Safety Data Sheets (SDS) before using any products. The SDS provides information and advice on the safe handling, storage and disposal of chemical products and contains physical, ecological, toxicological and other safety-related data.

Please note that as a result of specific local regulations the performance of this product may vary from country to country. Please consult the local Product Data Sheet for the exact description of the application fields.

LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
