

## PRODUCT DATA SHEET

# CromaVerge Starter Pack

Plastic system for edging roof verge

## PRODUCT DESCRIPTION

CromaVerge Starter Pack is a premium, universal dry verge system which is robust, attractive and weather resistant verge system alternative to wet mortar bedding.

## USES

- Large format and interlocking concrete profiled tiles.
- Most pitched roof types from 15-55°.
- Verges with or without bargeboards.
- New build and refurbishment projects.

## CHARACTERISTICS / ADVANTAGES

- No requirements for separate left- or right-hand verges.
- Quick fit design.
- No requirement for using mortar.
- Roof tiles are held firm even in strong winds.
- Unique design creates a completely sealed verge preventing water ingress and insect/bat infestation.
- Aesthetically pleasing finish which is UV stable.
- Includes verge-end closure and blanking cap for secure finish.
- Long lasting, reliable and virtually maintenance free.
- Protects against wind uplift, water ingress & general deterioration.
- Easy, fast, clean and generally safer mortar free installation.
- Allows virtually all weather installation.
- Strong but supple for easy flexing and sliding along the tiles.
- Secure fit around the tile reassurance.
- Maintains consistently smart appearance.

| Storage Conditions | The product must be stored undamaged in packaging, in dry conditions at temperatures between +5 °C and +30 °C. |

## VALUE BASE

All technical data stated in this Product Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

## ECOLOGY, HEALTH AND SAFETY

This product is an article as defined in article 3 of regulation (EC) No 1907/2006 (REACH). It contains no substances which are intended to be released from the article under normal or reasonably foreseeable conditions of use. A safety data sheet following article 31 of the same regulation is not needed to bring the product to the market, to transport or to use it. For safe use follow the instructions given in the product data sheet. Based on our current knowledge, this product does not contain SVHC (substances of very high concern) as listed in Annex XIV of the REACH regulation or on the candidate list published by the European Chemicals Agency in concentrations above 0,1 % (w/w).

## APPLICATION INSTRUCTIONS

All roofing work should be performed in line with latest British Standard codes of conduct.

## LOCAL RESTRICTIONS

Please note that as a result of specific local regulations the performance of this product may vary from country to country. Please consult the local Product Data Sheet for the exact description of the application fields.

## LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
