

## PRODUCT DATA SHEET

# Cromar® C6 Small Roof Ridge Closure

C6 small closure for PRO GRP and Flexiglass roofing systems

### PRODUCT DESCRIPTION

Cromar® C6 Small Roof Ridge Closure Trim is a high-quality roofing accessory designed to provide effective sealing and finishing solutions for roof ridges. This trim is meticulously crafted to ensure a watertight seal and a professional appearance for the ridge of your roofing system.

### USES

- With liquid applied roofing systems.
- Helps prevent water, debris, and pests from entering the roof through the ridge, contributing to the long-term performance and protection of your roof.

### CHARACTERISTICS / ADVANTAGES

- Resistant to corrosion, UV radiation, and other environmental factors.
- Manufactured from Glass Reinforced Plastic (GRP).
- Seamless and professional appearance.
- Lightweight and easy to install.
- Robust and weather-resistant.

### VALUE BASE

All technical data stated in this Product Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

### ECOLOGY, HEALTH AND SAFETY

This product is an article as defined in article 3 of regulation (EC) No 1907/2006 (REACH). It contains no sub-

stances which are intended to be released from the article under normal or reasonably foreseeable conditions of use. A safety data sheet following article 31 of the same regulation is not needed to bring the product to the market, to transport or to use it. For safe use follow the instructions given in the product data sheet. Based on our current knowledge, this product does not contain SVHC (substances of very high concern) as listed in Annex XIV of the REACH regulation or on the candidate list published by the

European Chemicals Agency in concentrations above 0,1 % (w/w).

## APPLICATION INSTRUCTIONS

All roof work should be completed to the latest British Standard code of conduct

## LOCAL RESTRICTIONS

Please note that as a result of specific local regulations the performance of this product may vary from country to country. Please consult the local Product Data Sheet for the exact description of the application fields.

## LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
