Storage Conditions	Store in a cool, dry location at temperatures between 40 °F (4 °C) and 80 °F (27 °C).
Density	0.79 g/cm <sup>3</sup>
Volatile organic compound (VOC) con- tent	0 g/l with exemption; 790 g/l without Acetone exemption * The U.S. EPA, SCAQMD and others consider the solvent in Seam Cleaner as "exempt", and therefore the product's VOC content can be considered "0 g/l" and used in all jurisdictions operating under these guidelines.

## **APPLICATION INFORMATION**

Consumption

Approximately 400 square feet per gallon (9.8 m<sup>2</sup>/L).

## **APPLICATION INSTRUCTIONS**

#### APPLICATION

Open container slowly to relieve pressure. Wearing protective gloves, apply Seam Cleaner to a clean, white cotton rag and rub the wet rag on the area to be cleaned. Follow immediately with a second dry, clean white cotton rag. Heavy concentrations of dirt, dust and residue should be lightly scrubbed off (using a non-scratch scouring pad) the membrane prior to cleaning. Do not pour Seam Cleaner directly on the Sarnafil or Sikaplan membranes.

## LIMITATIONS

Product Data Sheet Seam Cleaner June 2019, Version 01.01 020945072050000009 Precautions should be taken to prevent odors and/or vapors from entering the building/structure, including but not limited to turning off

and sealing air intake vents or other means of ingress for odors and/or vapors into the building/structure during product application and cure.

## VALUE BASE

All technical data stated in this Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

## LOCAL RESTRICTIONS

Note that as a result of specific local regulations the declared data and recommended uses for this product may vary from country to country. Consult the local Product Data Sheet for the exact product data and uses.

# ECOLOGY, HEALTH AND SAFETY

For information and advice on the safe handling, storage and disposal of chemical products, users shall refer to the most recent Safety Data Sheet (SDS) containing physical, ecological, toxicological and other safety-related data.

# LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
