

PRODUCT DATA SHEET

EVERBUILD® Hardwood Furniture Oil

Quick-drying oil to restore the natural oils and appearance of wood following the effects of weathering

PRODUCT DESCRIPTION

EVERBUILD® Hardwood Furniture Oil is a quick-drying oil that penetrates deep to restore the natural oils and appearance of wood following the effects of weathering.

It also provides a longer-lasting protection than traditional teak oil to all types of hardwood furniture, in particular garden chairs and tables, whether inside or outside the home.

USES

For use on all types of hardwood furniture, in particular garden chairs, tables, etc both inside or outside the home.

CHARACTERISTICS / ADVANTAGES

- Interior/exterior use
- Restores and protects the appearance of wood
- Replaces the wood's natural oils
- Long-lasting all-weather protection

PRODUCT INFORMATION

Packaging	500ml and 1L tins
Appearance / Colour	Pale yellow
Shelf Life	12 months from date of manufacture.
Storage Conditions	Store in cool dry conditions between + 5°C and +25°C. Storage outside these conditions will dramatically reduce shelf life. Protect from frost.
Density	ca. 0.9 g/cm ³ at 20°C

APPLICATION INFORMATION

Consumption	Up to 5m ² per litre depending on porosity of wood.
-------------	--

APPLICATION INSTRUCTIONS

SUBSTRATE QUALITY / PRE-TREATMENT

Remove all previous coatings from the wood and lightly sand to remove any excess or loose wood

fibres.

Ensure that the wood is clean, dry and free from dust or dirt by wiping with a cloth dampened with Everbuild® White Spirit before applying EVERBUILD® Hardwood Furniture Oil.

APPLICATION

Apply EVERBUILD® Hardwood Furniture Oil liberally by cloth or brush, working into the grain, until the wood is saturated. Remove any excess.

Re-apply as required once the previous coat has dried – approximately 2-3 coats are recommended; allow to dry for at least 4 hours between coats.

CLEANING OF TOOLS

Clean brushes thoroughly with White Spirit.

LIMITATIONS

- Always test a small inconspicuous area prior to full application.
- Do not use in areas subject to prolonged water contact.
- It is the user's responsibility to determine suitability for use. If in doubt contact Technical Services for advice.

VALUE BASE

All technical data stated in this Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

LOCAL RESTRICTIONS

Note that as a result of specific local regulations the declared data and recommended uses for this product may vary from country to country. Consult the local Product Data Sheet for exact product data and uses.

ECOLOGY, HEALTH AND SAFETY

User must read the most recent corresponding Safety Data Sheets (SDS) before using any products. The SDS provides information and advice on the safe handling, storage and disposal of chemical products and contains physical, ecological, toxicological and other safety-related data.

LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
