

# CASE STUDY

## LONDON STADIUM STRATFORD

**REQUIREMENT:** To provide joint sealant solutions for all expansion joints in high foot trafficked locations around the seating areas, along with a fire rated back seal. Expansion joint widths range from 50 - 70mm. Sika® Everbuild Hybriflex SMP was used as a top seal to give a tough seal for extra protection whilst still allowing 25% +/- movement accommodation

**PRODUCTS:** Sika® Everbuild Hybriflex SMP | Sika® Everbuild Fire Sealant 400 | Sika® Everbuild Sealant Primer P1

**PROJECT SIZE:** 22,000 LM.
