

PRODUCT DATA SHEET

Cromar® Underlay Support Tray

Underlay Support Tray

PRODUCT DESCRIPTION

Cromar® Underlay Support Trays are essential components used in roofing systems to provide support and secure positioning for underlay membranes at the eaves of pitched roofs. They ensure that the underlay does not sag, preventing water ingress and maintaining proper ventilation.

Cromar® Underlay Support Trays are designed to ensure any underlay is not carried into the gutter. They prevent water ponding behind the fascia, therefore reducing long term maintenance to the eaves of the building.

USES

- Used in roofing systems to provide support and secure positioning for underlay membranes at the eaves of pitched roofs.

CHARACTERISTICS / ADVANTAGES

- Excellent durability.
- UV Stable.
- Suitable for use with a wide range of roofing materials, including tiles, slates, and shingles.
- Lightweight design for ease of installation.
- Designed to allow air circulation, preventing condensation and moisture build up.
- Resistant to extreme temperatures.

PRODUCT INFORMATION

Packaging	Boxed
Colour	Black
Shelf Life	Physical plastic items have not had their shelf life determined due to its longevity.
Storage Conditions	The product must be stored properly undamaged, in dry conditions at temperatures between +5 °C and +30 °C
Length	1.5 m
Width	50 mm drip edge.

VALUE BASE

All technical data stated in this Product Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

ECOLOGY, HEALTH AND SAFETY

This product is an article as defined in article 3 of regulation (EC) No 1907/2006 (REACH). It contains no substances which are intended to be released from the article under normal or reasonably foreseeable conditions of use. A safety data sheet following article 31 of the same regulation is not needed to bring the product to the market, to transport or to use it. For safe use follow the instructions given in the product data sheet. Based on our current knowledge, this product does not contain SVHC (substances of very high concern) as listed in Annex XIV of the REACH regulation or on the candidate list published by the European Chemicals Agency in concentrations above 0,1 % (w/w).

APPLICATION METHOD / TOOLS

Preparation: Ensure the roof eaves are clean and free from debris.

Positioning: Lay the underlay support tray along the eaves, ensuring it overhangs the fascia board by approximately 10-15 mm.

Securing: Use roofing nails or screws to fix the tray securely to the roof structure at intervals of 300 mm.

Overlap: Overlap adjacent trays by at least 100 mm to ensure continuous support.

Underlay Placement: Lay the underlay membrane over the trays, ensuring it is securely fixed and free of wrinkles or gaps.

LOCAL RESTRICTIONS

Please note that as a result of specific local regulations the performance of this product may vary from country to country. Please consult the local Product Data Sheet for the exact description of the application fields.

LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
