SYSTEM DATA SHEET
Sika Comfortfloor® PS-27

SEAMLESS, SMOOTH, UNICOLOUR, LOW VOC, TOUGH-ELASTIC POLYURETHANE FLOOR COVERING

PRODUCT DESCRIPTION
Sika Comfortfloor® PS-27 is a tough-elastic polyurethane self-smoothening flooring system and is part of the Sika Comfortfloor® decorative flooring range.
Sika Comfortfloor® PS-27 is especially designed for indoor applications where seamless hardwearing floors are required.
Sika Comfortfloor® PS-27 consists of a tough-elastic, crack bridging polyurethane base coat which fulfils as well the stringent demands for low VOC emitting products.

USES
Sika Comfortfloor® PS-27 may only be used by experienced professionals.
• Healthcare – Medical sector
• Education (e.g. Schools and Universities)
• Leisure & Culture (e.g. Museums, Libraries)
• Retail & Residential
• Storage facilities & Work shops

CHARACTERISTICS / ADVANTAGES
• Odourless
• Good resistance to fire
• Low VOC content
• Flexible and tough-elastic
• Crack-bridging
• Silky matt finish
• Good mechanical and abrasion resistance
• Easy application
• Easy to keep clean and maintain

ENVIRONMENTAL INFORMATION
• Eurofins Emission tested according to the AgBB- and French labelling schemes and guidelines. Sampling, testing and evaluation were performed according to ISO-16000, Report No 392-2013-00094801_02

APPROVALS / STANDARDS
• Fire classification according to EN 13501-1, report CR-13-167/1 Ghent University
• Synthetic resin screed material according to EN 13813:2002, Declaration of Performance and provided with the CE mark
• Surface protection coating for concrete according to EN 1504-2:2004, Declaration of Performance and provided with the CE mark

<td>2. Base coat</td>
<td>Sikafloor®-327</td>
<td>~2.8 kg/m² (2 mm)</td>
</tr>
<tr>
<td>3. Top coat</td>
<td>Sikafloor®-305 W +5% water</td>
<td>0.15 kg/m²/layer</td>
</tr>
</tbody>
</table>

Consumptions are theoretical and do not include any wastage or additional materials needed due to porosity, substrate profile etc.

Product Temperature +15 °C min. / +30 °C max.
Ambient Air Temperature +15 °C min. / +30 °C max.
Relative Air Humidity 80 % max.
Dew Point Beware of condensation! The substrate and uncured floor must be at least 3 °C above dew point to reduce the risk of condensation or other disturbance of the surface on the floor finish
Substrate Temperature +15 °C min. / +30 °C max.
Substrate Moisture Content Sika Comfortfloor® PS-27 can be installed on substrates with moisture content of max. 4 % (checked by Tramex). The substrate needs to be visibly dry and have adequate pull-off strength min 1.5 N/mm². Check rising moisture.

Applied Product Ready for Use
- Temperature
  - +15 °C: ~ 30 hours
  - +20 °C: ~ 16 hours
  - +30 °C: ~ 12 hours
- Foot traffic
  - ~ 48 hours
- Light traffic
  - ~ 24 hours
- Full cure
  - ~ 6 days
  - ~ 4 days
  - ~ 3 days

Note: Times are approximate and will be affected by changing ambient and substrate conditions.

PRODUCT INFORMATION

Packaging Please refer to the individual Product Data Sheets
Shelf Life Please refer to the individual Product Data Sheets
Storage Conditions Please refer to the individual Product Data Sheets

MAINTENANCE

CLEANING
Please refer to the Sikafloor®- Cleaning Regime

FURTHER DOCUMENTS

Substrate quality & Preparation
Please refer to Sika Information Manual: “Evaluation and preparation of surfaces for flooring systems”.

Application instructions
Please refer to Sika Information Manual: “Mixing & Application of flooring systems”.

Maintenance
Please refer to “Sikafloor®- Cleaning regime”.

LIMITATIONS
- Freshly applied Sikafloor® products must be protected from damp, condensation and water for at least 24 hours.
- Uncured material reacts in contact with water (foaming).
- During application care must be taken that no sweat drops into fresh Sikafloor® products (wear head and wrist bands).
- For exact colour matching, ensure the Sikafloor® product in each area is applied from the same control batch number.
- Under certain conditions, underfloor heating or high ambient temperatures combined with high point loading, may lead to imprints in the resin.
- If heating is required do not use gas, oil, paraffin or other fossil fuel heaters, these produce large quantities of both CO₂ and H₂O water vapour, which may adversely affect the finish. For heating use only electric powered warm air blower systems.

VALUE BASE

All technical data stated in this Product Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

LOCAL RESTRICTIONS

Please note that as a result of specific local regulations the performance of this product may vary from country to country. Please consult the local Product Data Sheet for the exact description of the application fields.

ECOLOGY, HEALTH AND SAFETY

For information and advice on the safe handling, stor-
age and disposal of chemical products, users shall refer to the most recent Safety Data Sheet (SDS) containing physical, ecological, toxicological and other safety-related data.

LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika’s current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika’s recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product’s suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
