

## PRODUCT DATA SHEET

# Cromar<sup>®</sup> Raised Edge Trim

Raised edge trim for Cromar<sup>®</sup> PRO GRP and Flexiglass Liquid roof systems

### PRODUCT DESCRIPTION

Cromar<sup>®</sup> Raised Edge Trim is a versatile and durable roofing accessory that offers exceptional protection and finishing for flat or low-pitched roofs. Crafted with precision and high-quality materials, the raised edge trim is an essential component for ensuring the longevity and performance of roofing projects.

Cromar<sup>®</sup> Raised Edge Trim is designed to provide a strong, clean edge detail for liquid roofing systems. It creates a raised perimeter around the roof edge, helping to control water flow while delivering a neat, professional finish that enhances the overall appearance of the roof.

### USES

- Fitted to the roof edge to prevent water run off.
- To help water flow.

### CHARACTERISTICS / ADVANTAGES

- Consistent weight and thickness.
- Excellent finish and appearance.
- High strength and flexibility.
- Excellent long-term durability.
- Easy jointing.

<b>Packaging</b>	10 banded lengths of 3 m
<b>Shelf Life</b>	No shelf life has been determined due to the longevity of plastic items.
<b>Storage Conditions</b>	The product must be stored properly in undamaged sealed packaging, in dry conditions at temperatures between +5 °C and +30 °C.
<b>Dimensions</b>	105 mm x 114 mm x 3 m 127 mm x 114 mm x 3 m 177 mm x 114 mm x 3 m
<b>Thickness</b>	1 mm

### VALUE BASE

All technical data stated in this Product Data Sheet are based on laboratory tests. Actual measured data may

vary due to circumstances beyond our control.

## ECOLOGY, HEALTH AND SAFETY

This product is an article as defined in article 3 of regulation (EC) No 1907/2006 (REACH). It contains no substances which are intended to be released from the article under normal or reasonably foreseeable conditions of use. A safety data sheet following article 31 of the same regulation is not needed to bring the product to the market, to transport or to use it. For safe use follow the instructions given in the product data sheet. Based on our current knowledge, this product does not contain SVHC (substances of very high concern) as listed in Annex XIV of the REACH regulation or on the candidate list published by the European Chemicals Agency in concentrations above 0,1 % (w/w).

## APPLICATION INSTRUCTIONS

- Raised edge trims/upstand trims are placed on the non-draining open edges of a roof, overlapping onto the fascia boards.
- A single batten should be fixed on the outside of the fascia board level with the top edge of the deck.
- Cromar® trim adhesive should be applied to the battens in 30 mm beads at 300 mm centres before bedding the trim.
- All trim overlaps should be sealed with Cromar® trim adhesive and bandaged into place.

## LOCAL RESTRICTIONS

Please note that as a result of specific local regulations the performance of this product may vary from country to country. Please consult the local Product Data Sheet for the exact description of the application fields.

## LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
