

PRODUCT DATA SHEET

Cromar[®] Expansion Joint/Roll Mop Trim

Liquid Roof System expansion joint for larger roofs

PRODUCT DESCRIPTION

The Expansion Joint Trim is a specialist GRP component designed to accommodate movement and create clean, defined joints within flat roofing systems.

This trim works with a cold-applied GRP system that is easy to form on site. Once installed and laminated, it becomes impact-resistant, weather-proof, and virtually maintenance-free, making it a reliable solution for long-term roof performance.

The Expansion Joint trim offers guaranteed versatility, making it suitable for a wide range of flat roofing applications. Its robust GRP construction ensures consistent performance even in demanding conditions, helping to deliver a professional and long-lasting roofing finish.

USES

- Ideal for use on larger roof areas, this trim helps manage natural expansion and contraction while maintaining a durable, watertight finish.
- Commonly used to form rolls on ridge details or to create expansion joints on large roofs where movement is more likely to occur. By allowing controlled flexibility, it helps prevent stress cracking and prolongs the life of the roofing system.

CHARACTERISTICS / ADVANTAGES

- Consistent weight and thickness.
- Excellent finish and appearance.
- High strength and flexibility.
- Excellent Long-Term durability.
- Easy jointing.
- Facilitates roof void ventilation.
- Unique high adhesion finish.
- U.V. stabilisation.

PRODUCT INFORMATION

Packaging	Box containing 10 units
Colour	Grey
Shelf Life	Physical plastic items have not had their shelf life determined due to longevity
Storage Conditions	The product must be stored undamaged in packaging, in dry conditions at temperatures between +5 °C and +30 °C
Length	3 m
Thickness	1 mm

VALUE BASE

All technical data stated in this Product Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

ECOLOGY, HEALTH AND SAFETY

This product is an article as defined in article 3 of regulation (EC) No 1907/2006 (REACH). It contains no substances which are intended to be released from the article under normal or reasonably foreseeable conditions of use. A safety data sheet following article 31 of the same regulation is not needed to bring the product to the market, to transport or to use it. For safe use follow the instructions given in the product data sheet. Based on our current knowledge, this product does not contain SVHC (substances of very high concern) as listed in Annex XIV of the REACH regulation or on the candidate list published by the European Chemicals Agency in concentrations above 0,1 % (w/w).

APPLICATION METHOD / TOOLS

Complete all work in accordance with current applicable British Standard codes of practice.

LOCAL RESTRICTIONS

Please note that as a result of specific local regulations the performance of this product may vary from country to country. Please consult the local Product Data Sheet for the exact description of the application fields.

LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
